The Office of Civil Rights (OCR) welcomes you to GSA! We believe that you will find your work

here to be both challenging and rewarding. Wherever you work in GSA, our office is here to

help you be more effective in your position.

GSA has a long-standing commitment to equal employment opportunity (EEO) [as articulated in](#)

[the EEO Policy and Anti-harassment Policy](#). Our office strives to prevent actual and perceived

discrimination in the workplace through training and awareness programs. We function as a

We work with all parties to assist in keeping the lines of communication open and reducing the

cost of conflict in the workplace. In addition, we help the agency make sure that its programs

and activities are accessible to members of the public--including individuals with disabilities and

those who are limited English proficient--and we lead GSA's efforts to support Environmental

Justice. To learn more about these programs, please visit the Office of Civil Rights on InSite.

OCR provides training for all GSA employees to help them understand their EEO rights and

responsibilities. Managers and supervisors take EEO training every two years, newly

appointed supervisors take EEO training during their probationary period, and all employees

take No FEAR Act training every two years. Other training courses are also available on topics

such as mediation and conflict management. Most of the training is available through [GSA's](#)

[Online University \(OLU\)](#).

If at any time during your tenure at GSA you believe that you have been subjected to

workplace discrimination based on race, religion, sex, national origin, age, disability, sexual

orientation, gender identity, genetic information, or retaliation for prior EEO activity, you may

pursue a complaint through the Agency's EEO complaint process by initiating a complaint of

discrimination within 45 days of the date of the matter alleged to be discriminatory or, in the

case of a personnel action, within 45 days of the effective date of the action. The 45-day time

limit may be extended when the individual shows that: he or she was not notified of the time

limits and was not otherwise aware of them; that he or she did not know and reasonably should

not have been known that the discriminatory matter or personnel action occurred; that despite

due diligence he or she was prevented by circumstances beyond his or her control from

contacting the counselor within the time limits: or for other reasons considered sufficient by

GSA or EEOC.

The quickest and easiest way to initiate a complaint is to electronically file using eFile

501-4571 or 1-800-877-8339 (FedRelay), or send details of your complaint to the EEO HELP

mailbox (eao@gsa.gov). An EEO Official will be assigned to assist you and provide you with a

fair and impartial process to resolve your complaint.

We also provide mediation which is designed to address workplace conflict that does not

involve discrimination. [Mediation](#) can help employees quickly resolve disputes and can often

achieve a mutually beneficial outcome. More information about the EEO complaint process,

the mediation process, and GSA's policies on EEO and Anti-Harassment are available at the

[OCR Website](#).

We look forward to serving you during your tenure at GSA. Please visit our [Civil Writes](#) blog for

an informative discussions about civil rights and related topics within and outside of GSA.

Please contact the Office of Civil Rights at any time with any questions that you may have. My

[staff](#) and I can be reached at 202-501-0767 or by email at [ocr@gsa.gov](mailto:ocr@gsa.gov). Please save this

email for future reference.

Best Regards,

Madeline C. Caliendo

Madeline C. Caliendo, Esq.

Associate Administrator

Office of Civil Rights

?Welcome? from the GSA IT Organization. We are glad that you chose to work with General Services Administration (GSA). At GSA, we have an obligation to ensure information is kept safe and secure and our technology is operated with its intended purpose. Each of us must do our part to realize this goal. Therefore, to access our computer network and data, you are required to submit a Signed GSA IT Security General Rules of Behavior and to take and pass the Mandatory ?IT Security Awareness and Privacy 101 Training?. We suggest that you immediately make a Calendar ?Event w/Alert? for **21-days** from today to Login to [GSA Online University](#) (OLU). If at first you don't succeed, try again daily. Taking the IT Security Awareness and Privacy 101 Training

Note: Once your Comprehensive Human Resources Information System (CHRIS) user profile is complete, your new employee user profiles will flow over to [GSA Online University](#) via the automated CHRIS user data feed to GSA OLU. This usually takes place in about 2-3 weeks from the time a new employee comes on-board. We recognize that this process takes time, therefore **30-days** has been allotted for compliance with the ?Mandatory? IT & Privacy training. Retain This Document with Directions.

For additional information on GSA OLU functionality, please contact the GSA OLU Branch at [olu.administrator@gsa.gov](mailto:olu.administrator@gsa.gov)

For additional information on the training course content, please contact the Privacy Act Office at [gsa.privacyact@gsa.gov](mailto:gsa.privacyact@gsa.gov)

To Access Mandatory Training in GSA OLU:

Log in to <https://gsaolu.gsa.gov> (Copy/Paste URL into the Internet Explorer browser.) **Please do not use the Google Chrome browser.**

Your "Username" is your GSA e-mail address. If you require Login assistance; or if you've forgotten your GSA OLU password, click on ?Need help logging in to OLU?? you will be able to chat with a GSA OLU Administrator. Also, you may e-mail any GSA OLU functionality concerns to [olu.administrator@gsa.gov](mailto:olu.administrator@gsa.gov).

The course below is listed under the icon entitled "**GSA Mandatory Training**" "IT Security Awareness and Privacy 101 Training".

To Verify Completion of Training Course:

Click on ?My Transcript?; then

Click on ?Display Completion Certificate?.

Have course content related questions? For help, e-mail the Privacy Act Office at [gsa.privacyact@gsa.gov](mailto:gsa.privacyact@gsa.gov).

Thank you and again, Welcome to GSA!

**Welcome to GSA. As a new employee or contractor you have training requirements that must be completed within the first 30 days of arriving at GSA. These courses are designed to provide valuable information that will help you while at GSA.**

You must complete training through GSA's On-Line University (OLU). To access the training modules click on the link below:

<https://gsaolu.gsa.gov/learncenter.asp?id=178409&page=486>

Click onto Live Support to get a password.

Once you log on you will be taken to a web page entitled "New Employee's Required Training Modules" where all the required training courses are listed.

To pass each training course youNew Employee Mandatory No FEAR Act Training need a score of 70% or higher.

It's a good idea to print a copy of your certificate because this is your verification that you completed the training course. To print a copy of your completion certificate:

Click on "My transcripts"

Click on "View certificate"

If you have questions, please contact Ms. Julianne Epps at [julianne.epps@gsa.gov](mailto:julianne.epps@gsa.gov) .

JJ --

So you have the products and services information in one place, shared here as well is the data on all foreign owned company services spend, governmentwide as well as through GSA contracts.

I hope this is helpful to you and we're happy to answer any questions you may have.

Tiffany

=====

For FY16, services spend with foreign owned companies was:

- | All Services government-wide: of \$278.7B total spend, \$5.1B (1.8%) was provided by foreign-owned companies
- | Of this \$5.1B to foreign owned companies, \$124M had the USA as the Primary Place of Performance (or 0.045% of total FY16 Services Spend)
- | GSA Services contracts: of \$102.3B total spend, \$210M (or 0.2%) was provided by foreign-owned companies
- | Of this \$210M to foreign owned companies, \$4.1M had the USA as the Primary Place of Performance (or 0.004% of total FY16 GSA Services Spend)

For the foreign-owned companies performing services in the USA:

- | There was spend with 541 contractors, with an average value of \$230K

The top foreign countries:

Bermuda - \$50M with 2 contractors (primarily "Sallyport Global Services Ltd")  
Canada - \$34M with 234 contractors  
Great Britain - \$11.4M with 98 contractors  
The remainder - \$28M with 207 contractors in 61 countries

- | For GSA contracts exclusively, there was spend with 49 contractors, with an average value of \$83.5K

Only three non-US countries had GSA contracts with performance in the USA:

Canada - \$4.0M with 45 contractors  
Great Britain - \$37.2K with 3 contractors

Australia - \$24K with 1 contractor

More in depth tables (also including FY15 break-outs) are below. All of the underlying data is located [here](#):

Government-Wide FY16 Services Spend		Place of Performance			
		US	Foreign	Total	% Of Total
Ownership	US	\$253,288,549,158.67	\$15,616,244,210.23	\$268,904,793,368.90	96.50%

On Mon, Jan 30, 2017 at 2:22 PM, Judith Zawatsky - Q0A <[judith.zawatsky@gsa.gov](mailto:judith.zawatsky@gsa.gov)> wrote:

Good morning John,

The team has looked at the data regarding country of origin for products offered through the Multiple Award Schedules (MAS). As you recall, each contractor is required to represent the point of production for each product they offer. On a high level, in the System for Award Management, there are representations and certifications under which all federal contract offerors make annual commercial representations and certifications in accordance with the Federal Acquisition Regulation (FAR), and then when the product itself is offered on a MAS contract, the contractor identifies the point of manufacture by product. As the Trade Agreements Act is incorporated into MAS base contracts all products that meet that statutory and regulatory requirements for these designated countries can be awarded onto contract.

An initial review of the data for products offered on Schedule as of December 1, 2016 shows that approximately 75% or more of all products on MAS contracts are US - made.

Total Contractor Reported Products	Contractor Reported US Made Products	Contractor Reported Designated Country (non-US)	% Reported as US Made
45.4 Million	34.5 Million	10.9 Million	76%
Total Unique Products	Contractor Reported US Made Unique Items	Contractor Reported Designated County (non-US)	% Reported as US Made
31 Million	23.2 Million	7.8 Million	75%

Total Contractor Reported includes each time the product is offered including multiple contractors. Unique products counts a product only one time, no matter how many contractors offer the item. We are counting numbers of products and not dollars or costs here.

Please let me know what further data or input I may provide you.

Judith

Thanks - it's not a problem.

I'll just draft the report w/o #'s and fill it in with other edits and wrap it pronto after you send stuff.

..and FYI, I'm accustomed to 24x7 ops so your close of business works for me if it's easier for you

On Thu, Jan 26, 2017 at 10:21 AM, Tiffany Hixson - 10Q <[tiffany.hixson@gsa.gov](mailto:tiffany.hixson@gsa.gov)> wrote:

JJ --

Just touching base on the status of our services contractor data....

We should have data ready by Tuesday close of business. Let me know if this presents an issue JJ and I'll see what we can do to speed it up. "Easy data pulls" are relative.

Thanks JJ.

Good morning. With the TTS folks moving to the 6th floor tomorrow, I will be relocating back to my old home on the 7th floor. I can usually be found sitting at a table in 7002 (zero corridor toward 18th Street).

My contact information is listed below. Feel free to reach out to me with questions on just about anything. If I don't have an answer I will try to find one or at least offer an opinion.

Again, welcome to my "home" of almost 30 years - - GSA.

Thanks.

Hi Tracy:

Can you please find time either tomorrow or Wednesday to brief the President's Beach Head team member, Mr. Jagers, on the Buy American Act. The presentation would be similar to what you provided to the Agency Review Team. Please send the invite directly to JJ with an option invite to me.

Thanks.

Good Afternoon Neil,

Can you please arrange for me to meet with the folks working Buy American requirements either Tuesday or Wednesday (assuming staff is available).

I have reviewed the pertinent regs and laws & am ready to get a better insight on how those laws and regs impact GSA action.

You can just schedule me at your convenience.

Warm Regards

John E. Jagers

Hi Jack:

I would suggest that you discuss Buy American with the following GSAers. Please let me know if you would like to

schedule and if you have anyone you would like to have participate from your team:

Tiffany Hixson/Judith Zawatsky - Buy American Act, FAS

Tracy Marcinowski, PBS, Buy American Act

Thanks.

Good Afternoon Mr. Jagers,

As a follow up from our meeting discussion, we researched the FDIC contract.

You will note, contract award was made by GSA FAS Federal Systems Integration and Management Center (FEDSIM) office that is located at 18th and F.

As you know this procurement was protested to the GAO; attached is the GAO protest decision and U.S. Court of Federal Claims decision.

Thanks--Rachael

**Attachments:** Wolf Den Practitioner Perspectives - Improving BD Visibility, Efficiency, and Results 1252017.pdf ; Wolf Den Practitioner Perspectives - Valentine's Day Guide to Better Orals 2142017.pdf

Rachael & All,

Thank you again for the insight to GSA R11.

I read the GAO report you sent in detail on that one procurement we discussed for FDIC. I believe that it is a textbook study in selection processes. It is also textbook case where Industry uses the protest process to extend revenue independent of the merits of a protest.

When I was in industry, that procurement was watched, studied, and reviewed extensively within my part of the industry sales profession. That part is called capture by industry, and solutions management or sometimes enterprise architect when facing the federal client (us).

There are numerous proposal and capture companies in the market who specialize in helping industry win business from the government. Some publish newsletters that ANYONE can sign up for.

I have have attached two newsletters from one of those companies that has **out-sized** impact on industry thinking about the federal RFP/Proposal business. This newsletter goes to Appx 4000 highly influential industry leaders and a number of federal CIOs. Each newsletter features an area where industry can 'game' an RFP situation to help a company who follows the advice with good execution, increase wins for government business.

FWIW, I am a big fan of government shifting major procurement RFPs to include an orals evaluation component with a key stipulation. Orals are much more revealing about a bidder's capability and commitment than a simple prop for larger, more complex bids. Industry 2nd tier players for a particular bid tend to not like orals because orals expose a 2nd tier company's weakness for a task/contract if they don't have all they need to actually execute a winning bid.

Please, do not take this as direction. I am simply observing industry behavior. If we do X, industry will present Y. We always want a cheaper 'Y' with better execution. Better execution makes GSA a better partner to our clients, other agencies.

When the government requires an oral presentation and forces industry to make the PM who will run the job present at orals, the government gets a MUCH lower risk solution. It's better when the government requires the PM and key staff to present so long as it's not more than 4-5 peeps. Also make sure the Exec is there and gets a chance to introduce the company. Orals with key staff required to present puts the federal government in the strongest evaluation position relative to industry protests and separating strong from weak bidders.

The attached news letter are topical. It's good to know how industry responds to RFP requirements.

Knowing industry's response to a particular requirement helps us write a better requirement. If we ask/demand correctly, we will have lower risk procurements and better delivery for our customers.

The one newsletter addresses industry's limited budget for bidding contracts. Strong, low risk industry players cannot afford to bid as many contracts as was done in the past. We may have more bidders for our contracts however I KNOW many of the bidders cannot execute with low risk. The second newsletter addresses mechanisms to get better bids, e.g. orals.

Happy to discuss further at any time.

Warm Regards

John E. Jagers

Hey JJ! Great meeting you both yesterday. Here is the direct line to the Regional Commissioner's Office: (202) 708-5891. This is the fastest way to track everyone down by phone! I've listed the Office Directors' information below, along with Mary's senior advisors.

Let me know if you need anything else!

Thanks,

Dawn

Mary Gibert, Regional Commissioner

[mary.gibert@gsa.gov](mailto:mary.gibert@gsa.gov)

Thomas James, Deputy Regional Commissioner

[thomas.james@gsa.gov](mailto:thomas.james@gsa.gov)

Allison Azevedo, Acting Director, Office of Portfolio Management and Leasing

[allison.azevedo@gsa.gov](mailto:allison.azevedo@gsa.gov)

Ivan Swain, Deputy Director, Office of Portfolio Management and Leasing

[ivan.swain@gsa.gov](mailto:ivan.swain@gsa.gov)

Claire Fortune, Acting Director, Office of Leasing

[claire.fortune@gsa.gov](mailto:claire.fortune@gsa.gov)

Shapour Ebadi, Director, Office of Design and Construction

[shapour.ebadi@gsa.gov](mailto:shapour.ebadi@gsa.gov)

Mina Wright, Director, Office of Planning and Design Quality

[mina.wright@gsa.gov](mailto:mina.wright@gsa.gov)

Kathy Geisler, Acting Director, Office of Acquisition

[kathleen.geisler@gsa.gov](mailto:kathleen.geisler@gsa.gov)

Tim Turano, Director, Office Facilities Management

[tim.turano@gsa.gov](mailto:tim.turano@gsa.gov)

Susan Sylvester, Senior Advisor

[susan.sylvester@gsa.gov](mailto:susan.sylvester@gsa.gov)

Good Afternoon,

It was nice to meet you today and welcome again to GSA. I am reaching out to you to set up a time where we can sit down and go over your 278e on Integrity.gov. Please let me know if you have any availability on Thursday to meet.

I am available for any questions you may have about your report or otherwise.

Thank you for your attention to this matter,

**MD5:** ce699edae7d44b9981a741443e88a9cb

Thank you for meeting with me regarding filing your 278e on Integrity.gov.

Regarding the questions we left with today, you will need to report your employment income in Part 2 as well as in Part 4 because of the consulting fee aspect of your payment versus a salary.

Part 3 PL Systems does need to be reported. Please confirm again the ownership does not yield any reportable income of \$200 or meet the threshold requirement for reporting it's value of \$1000.

To access your report, please log into Integrity.gov and follow the steps to create the account, which can be linked to your PIV card.

Please let me know if you have any questions.

Thank you,

Debra

Thanks for the summary, John,

I will have the EOs pulled and to you as soon as possible.

We already are implementing the changes around the leader names - the main leadership directory is unavailable ("offline" message appears) and top pages of regional sites have been adjusted (no leader names nor pictures).

As you say, we will update those pages as information is available targeting Monday to get them back online.

Monday morning I also will share an up-to-date look at the externally focused comms. I'm gathering from the services (PBS, FAS and Tech) as well as regional plans.

Pls don't hesitate to email or call me **(b) (6)** if you need anything. - Donna

On Fri, Jan 20, 2017 at 4:23 PM, JJ Jagers - A <[jj.jagers@gsa.gov](mailto:jj.jagers@gsa.gov)> wrote:

Jack,

The website has been set up so that the "landing page" is free of any messaging from the prior administration.

Donna's team (which is creative/content focused) will address the HQ and regional leadership in the following ways:

1. HQ leadership will have an "under construction" banner and will be updated after Donna's team receives data on leadership including their biographies
2. Regional leadership is currently on the regional "landing pages" with the regional welcome message. The welcome message will be edited to remove the names of regional leaders (Presidential Appointees)

Regarding all other comms that flow through the web, program related action for the next week are going to be pulled and presented to us by Donna's team so we can:

1. See the level of activity within each region and within FAS. This way we can get an understanding of on-going action that should not be overly affected by the change in administrations

2. Generally there are always on-going announcements and communications regarding on-going programs and procurements. There are also A LOT of workshops that get announced. When we get the list from Donna's team we should review the workshops especially those where more Sr. leadership may be present. GSA trade press usually follows these larger events and reports on them.

Other issue regarding the website content - current, in-operation executive orders.

The issue here is that there are a number of EO's that drive placement of data on GSA's website. The reverse can also be true and is usually less so. As EO's get signed off/rescinded, we will have to keep track of which parts of the Website are impacted by the EOs.

Donna, can one of your team members just pull a list of the EO's that are referenced on the Website. I will take that list and cross check it as EO's are issued/changed and keep track of that for us, unless someone else does it now or Jack directs another approach.

Donna, if I missed anything, please correct me.

Warm Regards

John E. Jagers

Hi Donna - I saw a "clips" blast email on Mike's desk & was looking to get on that distro, and then I thought there must be a lot of news letters that GSA publishes.

No urgency on this & thanks.

Warm Regards

John E. Jagers

This perfect - I know most agencies have generated 90% of any given data requests. i always like the last iteration if it's not too old so we spend minimum time on data requests.

Thanks

Warm Regards

Sorry, JJ, got wrapped up in a few other things.

Here is what Sarah, lead for our digital communication team, said about your request:

We did a heavy lift to create an inventory in April 2015 when we were working to migrate to the new design for GSA.gov. That's probably are most current comprehensive list of content. I will share the spreadsheet with you. Please note that the location of some content changed in the redesign but this is still a fairly good identification of the topics and related content on the site.

[https://docs.google.com/a/gsa.gov/spreadsheets/d/1Mwyx3fjLmQwMsq\\_ofNkZnRh5ukfMdcIgV8uZqigBqag/edit?usp=sharing](https://docs.google.com/a/gsa.gov/spreadsheets/d/1Mwyx3fjLmQwMsq_ofNkZnRh5ukfMdcIgV8uZqigBqag/edit?usp=sharing)

IT has been able to generate a list of of all the categories and sub-categories on the site for us in the past, but it took a few days.

I've asked her to request the report from IT. I'll have it sent to you when its ready. - Donna

Jack,

The website has been set up so that the "landing page" is free of any messaging from the prior administration.

Donna's team (which is creative/content focused) will address the HQ and regional leadership in the following ways:

1. HQ leadership will have an "under construction" banner and will be updated after Donna's team receives data on leadership including their biographies
2. Regional leadership is currently on the regional "landing pages" with the regional welcome message. The welcome message will be edited to remove the names of regional leaders (Presidential Appointees)

Regarding all other comms that flow through the web, program related action for the next week are going to be pulled and presented to us by Donna's team so we can:

1. See the level of activity within each region and within FAS. This way we can get an understanding of on-going action that should not be overly affected by the change in administrations
2. Generally there are always on-going announcements and communications regarding on-going programs and procurements. There are also A LOT of workshops that get announced. When we get the list from Donna's team we should review the workshops especially those where more Sr. leadership may be present. GSA trade press usually follows these larger events and reports on them.

Other issue regarding the website content - current, in-operation executive orders.

The issue here is that there are a number of EO's that drive placement of data on GSA's website. The reverse can also be true and is usually less so. As EO's get signed off/rescinded, we will have to keep track of which parts of the Website are impacted by the EOs.

Donna, can one of your team members just pull a list of the EO's that are referenced on the Website. I will take that list and cross check it as EO's are issued/changed and keep track of that for us, unless someone else does it now or Jack directs another approach.

Donna, if I missed anything, please correct me.

Warm Regards

Joanna,

Attached is our agenda for tomorrow. We'll be on the lookout for JJ, Tom and Mike around 9am tomorrow morning. Please ensure they have my contact information in case they have any questions in advance or throughout the day. We will have a working lunch at noon. They are welcome to bring their own lunches or I will grab something for them from across the street before noon.

Thanks,

Good morning. With the TTS folks moving to the 6th floor tomorrow, I will be relocating back to my old home on the 7th floor. I can usually be found sitting at a table in 7002 (zero corridor toward 18th Street).

My contact information is listed below. Feel free to reach out to me with questions on just about anything. If I don't have an answer I will try to find one or at least offer an opinion.

Again, welcome to my "home" of almost 30 years - - GSA.

Thanks.

**Attachments:** Periodic Transactions Reporting Frequently Asked Questions.doc ; Set up and Navigation of Integrity Revised.docx

Section 6 of the Stop Trading on Congressional Knowledge Act of 2012 (STOCK Act) requires Public Financial Disclosure Report filers to file a Periodic Transaction Report, similar to the Transaction part of the Public Financial Disclosure Report, within 30 days of receiving notification of a transaction, but no more than 45 days from the date of the actual transaction. **We strongly encourage employees to file their Periodic Transaction Reports by the 15<sup>th</sup> of each month.** This will ensure most filers meet the 30/45 day requirement. However, please note you may have to submit your report before the 15th of the month in order to meet the 30/45 day requirement. If that is the case, you must submit your report earlier so that you do not violate the 30/45 day requirement. For additional guidance, I have attached a frequently asked questions and examples document regarding the periodic transactions reporting requirement.

You are **not** required to submit a negative report if you have no reportable transactions.

All filers are required to use [Integrity.gov](https://integrity.gov) for reporting periodic transactions and for the filing of an annual or termination report. In order to assign yourself a Periodic Transaction Report, you must:

- Login into [Integrity.gov](https://integrity.gov)
- Click on "278-T" within the "My Tools" section on the "My Tasks" page
- Type in your "position" information
- Select the Start button

If you are a first time user to Integrity.gov, you might find the attached directions helpful.

Transactions of stock, bonds, and commodities futures which exceed \$1,000 must be reported on the periodic transaction reports.

Transactions of real property, excepted investment funds (such as mutual funds), treasuries, life insurance and annuities, cash accounts, and assets contained in a retirement system maintained by the United States, such as the Thrift Savings Plan (TSP), which exceed \$1,000 are not required to be reported on a Periodic Transaction Report. Although these transactions are not required to be reported on a Periodic Transaction Report, many of them are reportable on your annual or termination Public Financial Disclosure Report. Therefore, you may choose to report excepted investment fund transactions (and other annual or termination report reportable transactions) on a Periodic Transaction Report to avoid having to report them on your annual or termination report.

You are reminded that you are also required to list your spouse's and dependent children's transactions on a Periodic Transaction Report.

If you have any questions, please contact me or the Ethics Law Staff on [\(202\) 501-0765](tel:202-501-0765).

Good Afternoon Neil,

Can you please arrange for me to meet with the folks working Buy American requirements either Tuesday or Wednesday (assuming staff is available).

I have reviewed the pertinent regs and laws & am ready to get a better insight on how those laws and regs impact GSA action.

You can just schedule me at your convenience.

Warm Regards

John E. Jagers

Hi Jack:

I would suggest that you discuss Buy American with the following GSAers. Please let me know if you would like to

schedule and if you have anyone you would like to have participate from your team:

Tiffany Hixson/Judith Zawatsky - Buy American Act, FAS

Tracy Marcinowski, PBS, Buy American Act

Thanks.

Good Afternoon Mr. Jagers,

As a follow up from our meeting discussion, we researched the FDIC contract.

You will note, contract award was made by GSA FAS Federal Systems Integration and Management Center (FEDSIM) office that is located at 18th and F.

As you know this procurement was protested to the GAO; attached is the GAO protest decision and U.S. Court of Federal Claims decision.

Thanks--Rachael

**MD5:** 4c4a4fa96bc8d935b648456cf08eeb86

Good Afternoon Neil,

Can you please arrange for me to meet with the folks working Buy American requirements either Tuesday or Wednesday (assuming staff is available).

I have reviewed the pertinent regs and laws & am ready to get a better insight on how those laws and regs impact GSA action.

You can just schedule me at your convenience.

Warm Regards

John E. Jagers

Hi Jack:

I would suggest that you discuss Buy American with the following GSAers. Please let me know if you would like to

schedule and if you have anyone you would like to have participate from your team:

Tiffany Hixson/Judith Zawatsky - Buy American Act, FAS

Tracy Marcinowski, PBS, Buy American Act

Thanks.

Thanks for the summary, John,

I will have the EOs pulled and to you as soon as possible.

We already are implementing the changes around the leader names - the main leadership directory is unavailable ("offline" message appears) and top pages of regional sites have been adjusted (no leader names nor pictures).

As you say, we will update those pages as information is available targeting Monday to get them back online.

Monday morning I also will share an up-to-date look at the externally focused comms. I'm gathering from the services (PBS, FAS and Tech) as well as regional plans.

Pls don't hesitate to email or call me (202-403-7336) if you need anything. - Donna

On Fri, Jan 20, 2017 at 4:23 PM, JJ Jagers - A <jj.jagers@gsa.gov> wrote:

Jack,

The website has been set up so that the "landing page" is free of any messaging from the prior administration.

Donna's team (which is creative/content focused) will address the HQ and regional leadership in the following ways:

1. HQ leadership will have an "under construction" banner and will be updated after Donna's team receives data on leadership including their biographies
2. Regional leadership is currently on the regional "landing pages" with the regional welcome message. The welcome message will be edited to remove the names of regional leaders (Presidential Appointees)

Regarding all other comms that flow through the web, program related action for the next week are going to be pulled and presented to us by Donna's team so we can:

1. See the level of activity within each region and within FAS. This way we can get an understanding of on-going action that should not be overly affected by the change in administrations
2. Generally there are always on-going announcements and communications regarding on-going programs and procurements. There are also A LOT of workshops that get announced. When we get the list from Donna's team we should review the workshops especially those where more Sr. leadership may be present. GSA trade press usually follows these larger events and reports on them.

Other issue regarding the website content - current, in-operation executive orders.

The issue here is that there are a number of EO's that drive placement of data on GSA's website. The reverse can also be true and is usually less so. As EO's get signed off/rescinded, we will have to keep track of which parts of the Website are impacted by the EOs.

Donna, can one of your team members just pull a list of the EO's that are referenced on the Website. I will take that list and cross check it as EO's are issued/changed and keep track of that for us, unless someone else does it now or Jack directs another approach.

Donna, if I missed anything, please correct me.

Warm Regards

John E. Jagers

**Attachments:** Samuel Amber PPO Resume (Feb 2017).pdf

Emily - here is the info on the acquisition person I mentioned yesterday.

Sam is excellent and would easily pass vetting on the Trump side. He has his TS clearance and could be immediately helpful to R-11 in Houston's group.

Note the training and certs in acquisition.

Warm Regards

John E. Jagers

Hello, JJ,

How are you? Thank you for the discussion this afternoon. My resume is attached for referral to the GSA person you mentioned, and I could assist immediately with congressional relations and federal acquisition.

Likewise, my TS clearance is still active. I also just sent my resume to Juli. Thank you for your assistance, and please let me know if you need any additional information.

Sincerely,

**Attachments:** Memo for Buy American Rev 1.docx

Jack,

Attached is a memo on Buy American.

Judith and Sheri were very generous with their time and responsive. They collected the data and provided the deeper insight on GSA's response to the Buy American Act.

Bottom line, the Trade Agreements Act essentially supersedes the Buy American Act. That said, the administration can exert a lot of control through EO & Executive Action based on authority provided in the Trade Agreements Act.

Warm Regards

John E. Jagers

Makes sense, thanks for the clarification.

On Thu, Feb 16, 2017 at 11:50 AM, David Kimbro - M1V1AA <[david.kimbrow@gsa.gov](mailto:david.kimbrow@gsa.gov)> wrote:

Very high level

- FPDS data entry methods (CWS to FPDS, or manual entry)
- Include stats for last 3 FY's (GSA and by Service)
- Number transactions
- Value
- % CWS to FPDS
- % manual

Slides for CWS to FPDS

- Awards made in CWS
- Some fields are required for FPDS purposes (other business rules that are noteworthy)
- Data sent to FPDS nightly?
- FPDS Data validations rules (what happens with errors)

Slides for Manual

- Show FPDS.gov where account is required
- Other slides as needed.

Finally Slides for V&V process

Does this make sense?

Hi Jeff-

It looks like John would like a demo of the dashboard. Are you good with me meeting with him on Monday? Do you want to be there?

Please let me know.

Thanks,

Mark J. Lee  
Deputy Director

Hi Mark - it was a pleasant surprise to see you coming out of the shuttle.

Let me know a good time to meet on Monday. I generally get in well before 8 and leave around 5.

Happy to flex my schedule to accommodate you.

Warm Regards

John E. Jagers

GSA = Great service Always

On Wed, Mar 1, 2017 at 2:55 PM, Mark Lee - M1V1A <mark.lee@gsa.gov> wrote:

Good Afternoon J.J.-

As a follow-up to our meeting this morning on FPDS, below is a monthly analysis of GSA's acquisition performance based upon our Acquisition Dashboard. The Dashboard comprises of approximately 20 metrics and 9 data analytic tools.

The Dashboard seeks to answer the question: how do we know GSA is practicing good acquisition? It is continuously evolving

effort aimed at improving our ability to answer this important question and to improve our ability to achieve excellent acquisition outcomes.

Monthly I send the below message to all 34 Heads of Contract Activity (HCAs) in GSA as well as GSA leadership providing a summary of acquisition performance year to date. I will make sure you are included in these messages going forward. The HCAs then use the data in the Dashboard to understand how their activity's performance and then target specific acquisitions to take action to improve acquisition outcomes throughout the fiscal year (FY). In addition, based upon performance trends, we hold target discussions with HCAs on how they might improve their performance. Currently, we are holding several sessions with specific HCAs and competition advocates on improving competition performance throughout FY 17.

Currently, we are scheduled to brief the Dashboard effort to Emily on March 22nd from 2-4 pm. Please let me know if you would like to be included in that brief or we can set-up a separate briefing as well.

Thanks and look forward to discussing this further with you!

Good Afternoon HCAs-

The Acquisition Dashboard is updated monthly, displaying GSA's progress on key acquisition

performance metrics. Here's your update, highlighting key takeaways with FY 2017 data through

January 31, 2017.

NOTE: Format Change. Current # or % is listed, then in ( ) are (% change from last month / last month

totals)

The acquisition dashboard is there as a tool for you. So, if you, your competition advocate or other

members of your staff are not comfortable in how to use it, please let me know. We'll be happy to set

up a time to walk you through it.

We'd like you to use the Acquisition Dashboard as a tool to compare performance at this time last fiscal

year to see where you stand. The Acquisition Dashboard has data through the end of January. We

suggest you take this opportunity to understand your performance compared to this time to plan for

the balance of the fiscal year. By continuously assessing performance on these metrics throughout

FY17, you can spot problems early and make necessary adjustments to drive successful acquisition

outcomes.

Links to [Dashboard Portal Pages](#) and Tools:

|

[Competition](#)

|

[Competitive One-Bid](#)

|

[Small Business Utilization](#)

|

[Performance-Based Acquisition](#)

|

[High-Risk Contract Types](#)

|

[Transactions](#)

|

[Human Capital](#)

OPERATIONAL EFFICIENCY:

|

Obligations: *Data in ( ) are (% change from last month / last month totals)*

|

Year to date (YTD) FY17 GSA obligated \$2.026 billion (+47% / \$1.376 billion) through 32,397

procurement actions (+21% / 26,863). YTD, transactions per FTE are 18 (+38.5% / 13) ([Transactions](#)

[Tool](#)).

|

It is important the extent practicable we continue to manage our acquisition workload evenly

throughout the year to avoid straining our acquisition workforce in the 4th quarter of this year and

impair our ability efficiently and effectively execute our acquisition actions.

|

PPIRS: Data in ( ) are (% change from last month / last month totals)

|

GSA’s PPIRs reporting rate is 89.5% (-1.2% / 90.7%).

|

FAS’s PPIRS reporting rate is 94.3% (-1.2% / 95.5%)

|

PBS’s PPIRs reporting rate is 87.2%, (-1.2% / 88.4%). Many PBS past performance evaluations come from our building managers. It is helpful for our PBS HCAs to remind our building managers of the importance of conducting timely past performance evaluations.

|

IAD’s PPIRs reporting rate is 87% (-0.1%, 87.1%), but still a tremendous improvement over 51% this time last year. Well done IAD!

|

FPDS FY16 Data Accuracy: Data in () are (% change from FY15 / end FY15 totals)

Overall the GSA FY 16 FPDS Verification and Validation (V&V) report released this month to OMB demonstrates that data is accurate when GSA reports data to FPDS with a 97.8% data accuracy rate. However, improvement is needed to ensure all applicable procurement

HCA's should pay close attention to improving their missing data rate of 9.7%. (see [FY16 V&V](#)

[report](#), page 2)

|

GSA's FPDS data accuracy for FY16 was 97.8% (-0.3% / 98.1% end of FY15). You can view the [FY16 V&V](#)

[Report](#) or a [graphical service breakdown of the 25 Data Elements](#)

|

FAS's FPDS data accuracy rate for FY16 was 98.1% (-0.6% / 98.7% end of FY15)

|

PBS's FPDS data accuracy rate for FY16 was 96.7%, (-0.8% / 97.5% end of FY15)

|

IAD's FPDS data accuracy rate for FY16 was 99.4% (+1.2%, 98.2% end of FY15)

SAVINGS AND PUBLIC POLICY: (GOALS: Competition 79.5% / One-Bid 15%)

|

GSA has a FY17 agency-wide competition goal of 79.5%. It's a great time to check out the

[Integrated Competition Tool](#) to review actions year to date to maximize competition

opportunities as we move forward in the fiscal year. Please note the GSA SPE and myself are

holding target sessions with HCAs and competition advocates who have the greatest

opportunity to improve GSA's overall competition performance in FY 17.

|

GSA's competition rate is 78.9% (-0.7% / 79.6%).

|

FAS's competition rate is 83.5% (-0.2% / 83.7%).

|

Highest to lowest, FAS R9, CO, R2, R2, R6 and R7 are all exceeding the competition goal of 79.5. R8, R1,

R11 and R3 are all have a competition rate above 70%.

|

contracting office at \$439 million and has competed 7,514 actions.

|

FAS Region 2 has competition rate of 93.3%, obligating \$134.5 million in competed dollars and has

competed 1,709 actions.

|

PBS’s competition rate is 73.3% (-3.1% / 76.4%).

|

Highest to lowest, PBS Central Office, R7, R1, R3, and R5 are all exceeding the competition goal of

79.5%. The remaining regions are below the goal.

|

PBS Region 3 has a competition rate of 87.3%, obligating \$205 million in competed dollars and has

competed 550 actions.

|

PBS Region 7 has a competition rate of 89.1%, obligating \$101.8 million in competed dollars and has

|

IAD's competition rate is 88.9% (+3.4% / 85.5%).

|

Competitive One-Bid: Data in ( ) are (% change from last month / last month totals)

GSA has an FY17 agency-wide competitive one-bid goal of 15%. Check out the [Integrated](#)

[Competition Tool](#) to review your Competitive One-Bid actions year to date.

|

GSA's Competitive One-Bid Rate is currently at 13.3% (- 0.1% / 13.4%) ([Integrated Competition Tool](#)).

While the overall picture is good, GSA's competitive one bid rate for professional services at 24.3%. We

urge HCAs and competition advocates to closely monitor professional services procurements to ensure

multiple offers are received. Additionally, there are numerous tools available to your acquisition

workforce members in the [Acquisition Gateway](#) to improve your professional services buys. Please

|

FAS’s competitive one-bid rate is 17.5% (-4.6% / 22.1%). This is a nice improvement from last month.

|

From highest to lowest: FAS R9, R11, R10, R5, and R4 all have one-bid rates above 50%. R7 and R1 are

32% and 22.1% respectively, while CO, R2, R6 and R8 are below the 15% goal. We recommend FAS

HCAs continue to stress to their acquisition workforce the importance of effective market research and

industry communication to decrease the occurrence of one-bid actions.

|

FAS Region 9 has a one-bid rate of 68%, obligating \$11.8 million in competitive one-bid dollars.

|

FAS Region 11 has a one-bid rate of 61.9%, obligating \$12.8 million in competitive one-bid dollars.

|

PBS’s competitive one-bid rate is 7.4% (+1.6% / 5.8%).

|

All PBS regions, except R1 and R11 are **below 15%** goal.

|

PBS Region 11 has a one-bid rate of 22%, (**+3.8%** / 18.8%), obligating \$24 million FY17 competitive one-

bid dollars, with \$5.1 million in January.

|

PBS Region 1 has one-bid rate of 34.9% (**+11.9%** / 22.4%) obligating \$5 million FY17 competitive one-

bid dollars, with \$3.6 million in January.

|

IAD's competitive one-bid rate is 24.7% (**-3.5%** / 28.2%), obligating \$5.5million FY17 competitive one-

bid dollars, with \$0.92 million in January.

|

Small Business: Data in () are (% change from last month / last month totals)

GSA has a FY17 has an agency-wide small business goal of 36.5%. Check out the [Small Business](#)

[Tool](#) to identify opportunities to influence acquisition strategies for non-small business awards.

- GSA’s total Small Business Rate is 50.4% (+2% / 48.4%). Check out the [Small Business Tool](#) to identify opportunities to influence acquisition strategies for non-small business awards.
- FAS’s small business rate is 40.7% (-0.8% / 41.5%).
- PBS’s small business rate is 53.8% (+3.3% / 50.5%).
- IAD’s small business rate is 43%, (-7% / 50%).

While we’re aware of the larger capital construction budget in PBS this year, you should expect some questions about your small business numbers.

Performance-Based Acquisition: Data in () are (% change from last month / last month totals)

GSA’s Performance-Based Acquisition (PBA) Rate is unchanged at 81.9%, (0% / 81.9%) ([Performance-](#)

[Based Acquisition Tool](#))

- FAS’s PBA rate is 91.3% (-3.6% / 94.9%).
- PBS’s PBA rate is 64.4%(+1.4% / 63%). It would be helpful for PBS HCAs to remind their workforce that use of performance-based contracting is effective means to maximize performance and reduce the cost of operating and maintain our Federal buildings.
- IAD’s PBA rate is 60.5% (+1.0% / 59.5%)

High Risk Contracting: Data in () are (% change from last month / last month totals)

GSA’s High Risk Contracting rate is 26.1% (+6.5% / 19.6%). ([High Risk Contracting Tool](#))

The High Risk Time & Materials(T&M)/Labor Hour (LH) rate is 11.7% (+4.1% / 7.6%). Please note there

is a trend that when a T&M/LH contract type is being utilized the competitive one bid rate is 25.9%.

This indicates a need to continue focus on market research and requirements definition because even

when a level of effort contract type is being selected this is still not generating meaningful competition.

Additionally, this increased focus may create new opportunities to enter into fixed price contracts

instead of level of effort contracts.

|

The High Risk Cost Reimbursement rate is 14.4% (+2.4% / 12%).

|

FAS's High Risk Contracting Rate is 49% (+5.1% / 43.9%).

HUMAN CAPITAL:

|

Check out the [Human Capital Measures page](#) to view the results of the FY16 FEVS compared to previous

fiscal years and how GSA compares against the governmentwide average.

I

FAC-C and the FAS Re-Organization: As 1102s are transferred to other FAS regions / office, in CHRIS (#

*onboard*), there is a lag with FAITAS (*# certified*) in order to re-issue warrants without auto-

termination. Therefore, some regions (FAS R10 & CO in particular) may show uncorrected certification

percentages.

Hi John,

I've forwarded your updated application to the transit team. As discussed, the full amount will be automatically disbursed to your smartrip card.

The transerve card was to be used for purchasing commuter bus passes, tickets, etc.

Hope this helps- I will still give you a call to confirm understanding.

On Wed, Mar 1, 2017 at 2:55 PM, Mark Lee - M1V1A <[mark.lee@gsa.gov](mailto:mark.lee@gsa.gov)> wrote:

Good Afternoon J.J.-

As a follow-up to our meeting this morning on FPDS, below is a monthly analysis of GSA's acquisition performance based upon our Acquisition Dashboard. The Dashboard comprises of approximately 20 metrics and 9 data analytic tools.

The Dashboard seeks to answer the question: how do we know GSA is practicing good acquisition? It is continuously evolving effort aimed at improving our ability to answer this important question and to improve our ability to achieve excellent acquisition outcomes.

Monthly I send the below message to all 34 Heads of Contract Activity (HCAs) in GSA as well as GSA leadership providing a summary of acquisition performance year to date. I will make sure you are included in these messages going forward. The HCAs then use the data in the Dashboard to understand how their activity's performance and then target specific acquisitions to take action to improve acquisition outcomes throughout the fiscal year (FY). In addition, based upon performance trends, we hold target discussions with HCAs on how they might improve their performance. Currently, we are holding several sessions with specific HCAs and competition advocates on improving competition performance throughout FY 17.

Currently, we are scheduled to brief the Dashboard effort to Emily on March 22nd from 2-4 pm. Please let me know if you would like to be included in that brief or we can set-up a separate briefing as well.

Thanks and look forward to discussing this further with you!

Mark J. Lee

Good Afternoon HCAs-

The Acquisition Dashboard is updated monthly, displaying GSA's progress on key acquisition

performance metrics. Here's your update, highlighting key takeaways with FY 2017 data through

January 31, 2017.

NOTE: Format Change. Current # or % is listed, then in ( ) are (% change from last month / last month

totals)

The acquisition dashboard is there as a tool for you. So, if you, your competition advocate or other

members of your staff are not comfortable in how to use it, please let me know. We'll be happy to set

up a time to walk you through it.

We'd like you to use the Acquisition Dashboard as a tool to compare performance at this time last fiscal

year to see where you stand. The Acquisition Dashboard has data through the end of January. We

suggest you take this opportunity to understand your performance compared to this time to plan for

the balance of the fiscal year. By continuously assessing performance on these metrics throughout

FY17, you can spot problems early and make necessary adjustments to drive successful acquisition

outcomes.

Links to [Dashboard Portal Pages](#) and Tools:

|

[Competition](#)

|

[Competitive One-Bid](#)

|

[Small Business Utilization](#)

|

[Performance-Based Acquisition](#)

|

[High-Risk Contract Types](#)

|

[Transactions](#)

|

[Human Capital](#)

OPERATIONAL EFFICIENCY:

|

Obligations: *Data in ( ) are (% change from last month / last month totals)*

|

Year to date (YTD) FY17 GSA obligated \$2.026 billion (+47% / \$1.376 billion) through 32,397

procurement actions (+21% / 26,863). YTD, transactions per FTE are 18 (+38.5% / 13) ([Transactions](#)

[Tool](#)).

|

It is important the extent practicable we continue to manage our acquisition workload evenly

impair our ability efficiently and effectively execute our acquisition actions.

|

PPIRS: Data in ( ) are (% change from last month / last month totals)

|

GSA’s PPIRs reporting rate is 89.5% (-1.2% / 90.7%).

|

FAS’s PPIRS reporting rate is 94.3% (-1.2% / 95.5%)

|

PBS’s PPIRs reporting rate is 87.2%, (-1.2% / 88.4%). Many PBS past performance evaluations come

from our building managers. It is helpful for our PBS HCAs to remind our building managers of the

importance of conducting timely past performance evaluations.

|

IAD’s PPIRS reporting rate is 87% (-0.1%, 87.1%), but still a tremendous improvement over 51% this

time last year. Well done IAD!

|

FPDS FY16 Data Accuracy: Data in () are (% change from FY15 / end FY15 totals)

Overall the GSA FY 16 FPDS Verification and Validation (V&V) report released this month to

OMB demonstrates that data is accurate when GSA reports data to FPDS with a 97.8% data

accuracy rate. However, improvement is needed to ensure all applicable procurement

transactions are reported to FPDS because of GSA's 8.1% missing data rate. In particular, FAS

HCAs should pay close attention to improving their missing data rate of 9.7%. (see [FY16 V&V](#)

[report](#), page 2)

|

GSA's FPDS data accuracy for FY16 was 97.8% (-0.3% / 98.1% end of FY15). You can view the [FY16 V&V](#)

[Report](#) or a [graphical service breakdown of the 25 Data Elements](#)

|

|

PBS's FPDS data accuracy rate for FY16 was 96.7%, (-0.8% / 97.5% end of FY15)

|

IAD's FPDS data accuracy rate for FY16 was 99.4% (+1.2%, 98.2% end of FY15)

SAVINGS AND PUBLIC POLICY: (GOALS: Competition 79.5% / One-Bid 15%)

|

Competition: Data in () are (% change from last month / last month totals)

GSA has a FY17 agency-wide competition goal of 79.5%. It's a great time to check out the

[Integrated Competition Tool](#) to review actions year to date to maximize competition

opportunities as we move forward in the fiscal year. Please note the GSA SPE and myself are

holding target sessions with HCAs and competition advocates who have the greatest

opportunity to improve GSA's overall competition performance in FY 17.

|

GSA’s competition rate is 78.9% (-0.7% / 79.6%).

|

FAS’s competition rate is 83.5% (-0.2% / 83.7%).

|

Highest to lowest, FAS R9, CO, R2, R2, R6 and R7 are all exceeding the competition goal of 79.5. R8, R1,

R11 and R3 are all have a competition rate above 70%.

|

FAS Central Office has a competition rate of 93.6%, obligating the most competed dollars of any

contracting office at \$439 million and has competed 7,514 actions.

|

FAS Region 2 has competition rate of 93.3%, obligating \$134.5 million in competed dollars and has

competed 1,709 actions.

|

PBS’s competition rate is 73.3% (-3.1% / 76.4%).

|

Highest to lowest, PBS Central Office, R7, R1, R3, and R5 are all exceeding the competition goal of

79.5%. The remaining regions are below the goal.

|

PBS Region 3 has a competition rate of 87.3%, obligating \$205 million in competed dollars and has

competed 550 actions.

|

PBS Region 7 has a competition rate of 89.1%, obligating \$101.8 million in competed dollars and has

competed 520 actions.

|

IAD's competition rate is 88.9% (+3.4% / 85.5%).

|

Competitive One-Bid: Data in () are (% change from last month / last month totals)

GSA has an FY17 agency-wide competitive one-bid goal of 15%. Check out the [Integrated](#)

[Competition Tool](#) to review your Competitive One-Bid actions year to date.

|

GSA's Competitive One-Bid Rate is currently at 13.3% (- 0.1% / 13.4%) ([Integrated Competition Tool](#)).

While the overall picture is good, GSA's competitive one bid rate for professional services at 24.3%. We

urge HCAs and competition advocates to closely monitor professional services procurements to ensure

multiple offers are received. Additionally, there are numerous tools available to your acquisition

workforce members in the [Acquisition Gateway](#) to improve your professional services buys. Please

make sure we are taking fully advantage of them.

|

FAS's competitive one-bid rate is 17.5% (-4.6% / 22.1%). This is a nice improvement from last month.

|

32% and 22.1% respectively, while CO, R2, R6 and R8 are below the 15% goal. We recommend FAS

HCA's continue to stress to their acquisition workforce the importance of effective market research and

industry communication to decrease the occurrence of one-bid actions.

|

FAS Region 9 has a one-bid rate of 68%, obligating \$11.8 million in competitive one-bid dollars.

|

FAS Region 11 has a one-bid rate of 61.9%, obligating \$12.8 million in competitive one-bid dollars.

|

PBS's competitive one-bid rate is 7.4% (+1.6% / 5.8%).

|

All PBS regions, except R1 and R11 are below 15% goal.

|

PBS Region 11 has a one-bid rate of 22%, (+3.8% / 18.8%), obligating \$24 million FY17 competitive one-

bid dollars, with \$5.1 million in January.

|

PBS Region 1 has one-bid rate of 34.9% (+11.9% / 22.4%) obligating \$5 million FY17 competitive one-bid

dollars, with \$3.6 million in January.

|

IAD’s competitive one-bid rate is 24.7% (-3.5% / 28.2%), obligating \$5.5million FY17 competitive one-

bid dollars, with \$0.92 million in January.

|

Small Business: Data in ( ) are (% change from last month / last month totals)

GSA has a FY17 has an agency-wide small business goal of 36.5%. Check out the [Small Business](#)

[Tool](#) to identify opportunities to influence acquisition strategies for non-small business awards.

- | GSA’s total Small Business Rate is 50.4% (+2% / 48.4%). Check out the [Small Business Tool](#) to identify opportunities to influence acquisition strategies for non-small business awards.
- | FAS’s small business rate is 40.7% (-0.8% / 41.5%).
- | PBS’s small business rate is 53.8% (+3.3% / 50.5%).
- | IAD’s small business rate is 43%, (-7% / 50%).

**While we’re aware of the larger capital construction budget in PBS this year, you should expect some questions about your small business numbers.**

|

Performance-Based Acquisition: Data in ( ) are (% change from last month / last month totals)

|

GSA's Performance-Based Acquisition (PBA) Rate is unchanged at 81.9%, (0% / 81.9%) ([Performance-](#)

[Based Acquisition Tool](#))

| FAS's PBA rate is 91.3% (-3.6% / 94.9%).

PBS's PBA rate is 64.4%(+1.4% / 63%). It would be helpful for PBS HCAs to remind their workforce that use of performance-based contracting is effective means to maximize performance and reduce the cost of operating and maintain our Federal buildings.

| IAD's PBA rate is 60.5% (+1.0% / 59.5%)

|

High Risk Contracting: Data in () are (% change from last month / last month totals)

|

GSA's High Risk Contracting rate is 26.1% (+6.5% / 19.6%). ([High Risk Contracting Tool](#))

|

The High Risk Time & Materials(T&M)/Labor Hour (LH) rate is 11.7% (+4.1% / 7.6%). Please note there

is a trend that when a T&M/LH contract type is being utilized the competitive one bid rate is 25.9%.

This indicates a need to continue focus on market research and requirements definition because even

when a level of effort contract type is being selected this is still not generating meaningful competition.

instead of level of effort contracts.

|

The High Risk Cost Reimbursement rate is 14.4% (+2.4% / 12%).

|

FAS's High Risk Contracting Rate is 49% (+5.1% / 43.9%).

## HUMAN CAPITAL:

|

Check out the [Human Capital Measures page](#) to view the results of the FY16 FEVS compared to previous

fiscal years and how GSA compares against the governmentwide average.

|

FAC-C and the FAS Re-Organization: As 1102s are transferred to other FAS regions / office, in CHRIS (#

onboard), there is a lag with FAITAS (# certified) in order to re-issue warrants without auto-

percentages.

Dear GSA:

Throughout March, we thank the women in our lives - our mothers, sisters, daughters, partners, friends and leaders - from every walk of life whose work, courage, intelligence and kindness have shaped our nation during Women's History Month.

This year's theme, "Honoring Trailblazing Women in Labor and Business", recognizes American women who, through determination, savvy and strength, have contributed immeasurably to the prosperity and security of the country.

This month, GSA will highlight the accomplishments of women in government, starting with an overview of "firsts" through a [Women in Government Timeline](#). We will also honor some of our own GSA team members by featuring [profiles of women](#) throughout the agency on InSite.

Please join me in celebrating Women's History Month this March, and honoring women's history every day of the year.

Tim

Hi Mark - it was a pleasant surprise to see you coming out of the shuttle.

Let me know a good time to meet on Monday. I generally get in well before 8 and leave around 5.

Happy to flex my schedule to accommodate you.

Warm Regards

John E. Jagers

On Wed, Mar 1, 2017 at 2:55 PM, Mark Lee - M1V1A <[mark.lee@gsa.gov](mailto:mark.lee@gsa.gov)> wrote:

Good Afternoon J.J.-

As a follow-up to our meeting this morning on FPDS, below is a monthly analysis of GSA's acquisition performance based upon our Acquisition Dashboard. The Dashboard comprises of approximately 20 metrics and 9 data analytic tools.

The Dashboard seeks to answer the question: how do we know GSA is practicing good acquisition? It is continuously evolving effort aimed at improving our ability to answer this important question and to improve our ability to achieve excellent acquisition outcomes.

Monthly I send the below message to all 34 Heads of Contract Activity (HCAs) in GSA as well as GSA leadership providing a

summary of acquisition performance year to date. I will make sure you are included in these messages going forward. The HCAs then use the data in the Dashboard to understand how their activity's performance and then target specific acquisitions to take action to improve acquisition outcomes throughout the fiscal year (FY). In addition, based upon performance trends, we hold target discussions with HCAs on how they might improve their performance. Currently, we are holding several sessions with specific HCAs and competition advocates on improving competition performance throughout FY 17.

Currently, we are scheduled to brief the Dashboard effort to Emily on March 22nd from 2-4 pm. Please let me know if you would like to be included in that brief or we can set-up a separate briefing as well.

Thanks and look forward to discussing this further with you!

Good Afternoon HCAs-

The Acquisition Dashboard is updated monthly, displaying GSA's progress on key acquisition

performance metrics. Here’s your update, highlighting key takeaways with FY 2017 data through

January 31, 2017.

NOTE: Format Change. Current # or % is listed, then in ( ) are (% change from last month / last month

totals)

The acquisition dashboard is there as a tool for you. So, if you, your competition advocate or other

members of your staff are not comfortable in how to use it, please let me know. We’ll be happy to set

up a time to walk you through it.

We'd like you to use the Acquisition Dashboard as a tool to compare performance at this time last fiscal

year to see where you stand. The Acquisition Dashboard has data through the end of January. We

suggest you take this opportunity to understand your performance compared to this time to plan for

the balance of the fiscal year. By continuously assessing performance on these metrics throughout

FY17, you can spot problems early and make necessary adjustments to drive successful acquisition

outcomes.

Links to [Dashboard Portal Pages](#) and Tools:

|

[Competition](#)

|

[Competitive One-Bid](#)

|

[Small Business Utilization](#)

|

[Performance-Based Acquisition](#)

|

[High-Risk Contract Types](#)

|

[Transactions](#)

|

[Human Capital](#)

OPERATIONAL EFFICIENCY:

|

Obligations: *Data in () are (% change from last month / last month totals)*

|

Year to date (YTD) FY17 GSA obligated \$2.026 billion (+47% / \$1.376 billion) through 32,397

procurement actions (+21% / 26,863). YTD, transactions per FTE are 18 (+38.5% / 13) ([Transactions](#)

[Tool](#)).

|

It is important the extent practicable we continue to manage our acquisition workload evenly

throughout the year to avoid straining our acquisition workforce in the 4th quarter of this year and

impair our ability efficiently and effectively execute our acquisition actions.

|

PPIRS: Data in ( ) are (% change from last month / last month totals)

|

GSA’s PPIRs reporting rate is 89.5% (-1.2% / 90.7%).

|

FAS’s PPIRS reporting rate is 94.3% (-1.2% / 95.5%)

|

PBS’s PPIRs reporting rate is 87.2%, (-1.2% / 88.4%). Many PBS past performance evaluations come

from our building managers. It is helpful for our PBS HCAs to remind our building managers of the

importance of conducting timely past performance evaluations.

I

IAD's PPIRS reporting rate is 87% (-0.1%, 87.1%), but still a tremendous improvement over 51% this

time last year. Well done IAD!

I

FPDS FY16 Data Accuracy: Data in () are (% change from FY15 / end FY15 totals)

Overall the GSA FY 16 FPDS Verification and Validation (V&V) report released this month to

OMB demonstrates that data is accurate when GSA reports data to FPDS with a 97.8% data

accuracy rate. However, improvement is needed to ensure all applicable procurement

transactions are reported to FPDS because of GSA's 8.1% missing data rate. In particular, FAS

[report](#), page 2)

|

GSA’s FPDS data accuracy for FY16 was 97.8% (-0.3% / 98.1% end of FY15). You can view the [FY16 V&V](#)

[Report](#) or a [graphical service breakdown of the 25 Data Elements](#)

|

FAS’s FPDS data accuracy rate for FY16 was 98.1% (-0.6% / 98.7% end of FY15)

|

PBS’s FPDS data accuracy rate for FY16 was 96.7%, (-0.8% / 97.5% end of FY15)

|

IAD’s FPDS data accuracy rate for FY16 was 99.4% (+1.2%, 98.2% end of FY15)

SAVINGS AND PUBLIC POLICY: (GOALS: Competition 79.5% / One-Bid 15%)

|

Competition: Data in ( ) are (% change from last month / last month totals)

[Integrated Competition Tool](#) to review actions year to date to maximize competition

opportunities as we move forward in the fiscal year. Please note the GSA SPE and myself are

holding target sessions with HCAs and competition advocates who have the greatest

opportunity to improve GSA’s overall competition performance in FY 17.

|

GSA’s competition rate is 78.9% (-0.7% / 79.6%).

|

FAS’s competition rate is 83.5% (-0.2% / 83.7%).

|

Highest to lowest, FAS R9, CO, R2, R2, R6 and R7 are all exceeding the competition goal of 79.5. R8, R1,

R11 and R3 are all have a competition rate above 70%.

|

FAS Central Office has a competition rate of 93.6%, obligating the most competed dollars of any

|

FAS Region 2 has competition rate of 93.3%, obligating \$134.5 million in competed dollars and has

competed 1,709 actions.

|

PBS’s competition rate is 73.3% (-3.1% / 76.4%).

|

Highest to lowest, PBS Central Office, R7, R1, R3, and R5 are all exceeding the competition goal of

79.5%. The remaining regions are below the goal.

|

PBS Region 3 has a competition rate of 87.3%, obligating \$205 million in competed dollars and has

competed 550 actions.

|

PBS Region 7 has a competition rate of 89.1%, obligating \$101.8 million in competed dollars and has

competed 520 actions.

|

IAD's competition rate is 88.9% (+3.4% / 85.5%).

|

Competitive One-Bid: Data in () are (% change from last month / last month totals)

GSA has an FY17 agency-wide competitive one-bid goal of 15%. Check out the [Integrated](#)

[Competition Tool](#) to review your Competitive One-Bid actions year to date.

|

GSA's Competitive One-Bid Rate is currently at 13.3% (- 0.1% / 13.4%) ([Integrated Competition Tool](#)).

While the overall picture is good, GSA's competitive one bid rate for professional services at 24.3%. We

urge HCAs and competition advocates to closely monitor professional services procurements to ensure

multiple offers are received. Additionally, there are numerous tools available to your acquisition

workforce members in the [Acquisition Gateway](#) to improve your professional services buys. Please

|

FAS’s competitive one-bid rate is 17.5% (-4.6% / 22.1%). This is a nice improvement from last month.

|

From highest to lowest: FAS R9, R11, R10, R5, and R4 all have one-bid rates above 50%. R7 and R1 are

32% and 22.1% respectively, while CO, R2, R6 and R8 are below the 15% goal. We recommend FAS

HCA’s continue to stress to their acquisition workforce the importance of effective market research and

industry communication to decrease the occurrence of one-bid actions.

|

FAS Region 9 has a one-bid rate of 68%, obligating \$11.8 million in competitive one-bid dollars.

|

FAS Region 11 has a one-bid rate of 61.9%, obligating \$12.8 million in competitive one-bid dollars.

|

PBS’s competitive one-bid rate is 7.4% (+1.6% / 5.8%).

|

All PBS regions, except R1 and R11 are **below 15%** goal.

|

PBS Region 11 has a one-bid rate of 22%, (**+3.8%** / 18.8%), obligating \$24 million FY17 competitive one-

bid dollars, with \$5.1 million in January.

|

PBS Region 1 has one-bid rate of 34.9% (**+11.9%** / 22.4%) obligating \$5 million FY17 competitive one-

bid dollars, with \$3.6 million in January.

|

IAD's competitive one-bid rate is 24.7% (**-3.5%** / 28.2%), obligating \$5.5million FY17 competitive one-

bid dollars, with \$0.92 million in January.

|

Small Business: Data in () are (% change from last month / last month totals)

GSA has a FY17 has an agency-wide small business goal of 36.5%. Check out the [Small Business](#)

[Tool](#) to identify opportunities to influence acquisition strategies for non-small business awards.

- GSA’s total Small Business Rate is 50.4% (+2% / 48.4%). Check out the [Small Business Tool](#) to identify opportunities to influence acquisition strategies for non-small business awards.
- FAS’s small business rate is 40.7% (-0.8% / 41.5%).
- PBS’s small business rate is 53.8% (+3.3% / 50.5%).
- IAD’s small business rate is 43%, (-7% / 50%).

While we’re aware of the larger capital construction budget in PBS this year, you should expect some questions about your small business numbers.

Performance-Based Acquisition: Data in ( ) are (% change from last month / last month totals)

GSA’s Performance-Based Acquisition (PBA) Rate is unchanged at 81.9%, (0% / 81.9%) ([Performance-](#)

[Based Acquisition Tool](#))

- FAS’s PBA rate is 91.3% (-3.6% / 94.9%).
- PBS’s PBA rate is 64.4%(+1.4% / 63%). It would be helpful for PBS HCAs to remind their workforce that use of performance-based contracting is effective means to maximize performance and reduce the cost of operating and maintain our Federal buildings.
- IAD’s PBA rate is 60.5% (+1.0% / 59.5%)

High Risk Contracting: Data in ( ) are (% change from last month / last month totals)

GSA’s High Risk Contracting rate is 26.1% (+6.5% / 19.6%). ([High Risk Contracting Tool](#))

The High Risk Time & Materials(T&M)/Labor Hour (LH) rate is 11.7% (+4.1% / 7.6%). Please note there

is a trend that when a T&M/LH contract type is being utilized the competitive one bid rate is 25.9%.

This indicates a need to continue focus on market research and requirements definition because even

when a level of effort contract type is being selected this is still not generating meaningful competition.

Additionally, this increased focus may create new opportunities to enter into fixed price contracts

instead of level of effort contracts.

|

The High Risk Cost Reimbursement rate is 14.4% (+2.4% / 12%).

|

FAS's High Risk Contracting Rate is 49% (+5.1% / 43.9%).

HUMAN CAPITAL:

|

Check out the [Human Capital Measures page](#) to view the results of the FY16 FEVS compared to previous

fiscal years and how GSA compares against the governmentwide average.

|

FAC-C and the FAS Re-Organization: As 1102s are transferred to other FAS regions / office, in CHRIS (#

onboard), there is a lag with FAITAS (# certified) in order to re-issue warrants without auto-

termination. Therefore, some regions (FAS R10 & CO in particular) may show uncorrected certification

percentages.

Thank you for contacting Employee Express!

We have sent you a Security Code and Login ID in separate emails, to the email address on file. Please click on the link with the Security Code to reset your password and regain access to your account.

This is not a temporary password you will need to follow the instructions within the Security Code email.

If you do not see the email in your Inbox please check your Junk/Spam folder.

Please use the tips below to help with using your Security Code and resetting your password:

- In order to use the Security Code, please go to <https://www.employeeexpress.gov/AuthSecurityCode> and enter this code along with the last 5 of your SSN and Date of Birth.
- Please ensure that you are using the most recent Security Code (requesting multiple codes will void any previous codes issued).
- Copy and Paste the Security Code into the appropriate box.

If you receive an error stating that the information is incorrect please reply to this email with a good contact number.

Thanks,

Employee Express Helpdesk-DAC

Hi John,

I've forwarded your updated application to the transit team. As discussed, the full amount will be automatically disbursed to your smartrip card.

The transerve card was to be used for purchasing commuter bus passes, tickets, etc.

Hope this helps- I will still give you a call to confirm understanding.

Dear GSA:

I just completed my fourth week as Acting GSA Administrator, and I am still having fun! Every day, I am impressed by the people at GSA. I have asked to hear stories about the great work you are doing for our customers, and they have been pouring in. I have never been prouder to be a member of the GSA family than right now as the leader of this great organization.

Welcoming in a new administration is, inherently, a time of adjustment and uncertainty, but telling your story to them has been easy. We are lucky to have a great partnership with our team, Jack St. John and Emily Murphy and the folks they have brought with them to work with us in the Administrator's Office. They are all big fans of GSA, and we have been able to get them up to speed quickly as we work through program and project issues with your help. Our agency's reputation and dedication to excellence has enabled us to develop a strong working relationship with the new administration. I am confident that what we do is highly valued.

It is indeed a very exciting time to be at GSA, and I hope you share my enthusiasm. Thank you so very much for all you do, and please remember I always welcome your thoughts and advice.

Sincerely,

Tim

## Daily News Brief

### Today's Clips

[Acquisition: GSA moves one step closer to replacing DUNS \(FCW\)](#)

[Acquisition: GSA explores replacement of DUNS number \(FedScoop\)](#)

[Acquisition: Are contractors worrying too much over GSA's data rule? \(FedNewsRadio\)](#)

[Acquisition: Federal procurement reforms start by naming the right type of leaders, experts tell Trump \(FedNewsRadio\)](#)

[Acquisition: Booz Allen Lands \\$326M JIDO Enterprise IT Task Order Under GSA Alliant Vehicle \(GovConWire\)](#)

[IT/Technology: New interagency group to show resistance to the cloud is futile \(FedNewsRadio\)](#)

[Policy: Good luck getting government, military discounts at Trump's D.C. hotel \(Daily Herald\)](#)

#### **Acquisition: GSA moves one step closer to replacing DUNS (FCW)**

The General Services Administration took an important step toward reducing its reliance on a proprietary business entity identifier system in government contracting.

The agency released a request for information on Feb. 13 in advance of the possible adoption of a new numbering system for "government-wide entity identification and validation services."

#### **Acquisition: GSA explores replacement of DUNS number (FedScoop)**

The General Services Administration is looking for potential options to replace the proprietary system it currently uses to identify and track entities that do business with the federal government.

The agency issued a [request for information](#) last week to gather feedback from vendors and other parties interested in providing governmentwide entity identification and validation services at the expiration of the current contract, held by Dun and Bradstreet. The pre-solicitation signals GSA's intent to move to a more open system with requirements for unrestricted use and reuse of generated data.

#### **Acquisition: Are contractors worrying too much over GSA's data rule? (FedNewsRadio)**

Many government contractors are worried, fearful and in disbelief about the General Services Administration's implementation of its Transactional Data Rule.

There are calls for delays in implementation and more training for contracting officers and contracting specialists. There are worries that contracting officers will continue to ask for the dreaded, outdated, lawsuit inducing data that the TDR is supposed to replace - commercial sales practices (CSPs) and the price reduction clause disclosures.

**Acquisition: Federal procurement reforms start by naming the right type of leaders, experts tell Trump (FedNewsRadio)**

The next administrator for the Office of Federal Procurement Policy - whomever that person ends up being - will have a significant to-do list as they walk in the door. There is a host of Obama administration-era priorities that industry disdains - category management, transactional data rule and a stack of executive orders that many would like to be undone or changed significantly.

Before the new OFPP administrator begins the analysis to set their priorities, a group of former OFPP, Defense Department and agency acquisition executives are urging the administration to focus as much on the "who" as the "what."

The Procurement Roundtable, which includes former OFPP Administrator Allan Burman, former OFPP Deputy Administrator Rob Burton, former acting Assistant Secretary of the Army for Acquisition, Logistics and Technology Ken Oscar, former General Services Administration Senior Procurement Executive David Drabkin and many others, sent a [letter in January](#) to then President-elect Donald Trump outlining three areas the new administration should focus its efforts to improve the acquisition process.

**Acquisition: Booz Allen Lands \$326M JIDO Enterprise IT Task Order Under GSA Alliant Vehicle (GovConWire)**

[Booz Allen Hamilton](#) (NYSE: BAH) has received a potential five-year, \$325.8 million task order from the General Services Administration to provide enterprise information technology services for the Joint Improvised-Threat Defeat Organization.

**IT/Technology: New interagency group to show resistance to the cloud is futile (FedNewsRadio)**

The working groups have met twice so far and GSA is providing full-time support staff.

Bray said the goal is to deliver a report to OMB and GSA with consensus recommendations for acquisition, policy and other changes.

**Policy: Good luck getting government, military discounts at Trump's D.C. hotel (Daily Herald)**

Scroll through the offers on the Trump International Hotel's website and you'll see a section advertising special government rates, currently capped at \$182 per night by the General Services Administration. "It is our pleasure to welcome Retired and Active Duty members of the United States Military and Armed Forces," the page reads.

It happens on almost every protest

It is an unwritten capture strategy in todsys market

On Mon, Feb 13, 2017 at 5:42 PM Rachael Stevens - WQ1A <[rachael.stevens@gsa.gov](mailto:rachael.stevens@gsa.gov)> wrote:

Hi JJ,

Yes totally agree textbook case, I was saying today this probably happens more often then we realize.

Glad you brought this one to our attention.

Good Afternoon Mr. Jagers,

As a follow up from our meeting discussion, we researched the FDIC contract.

You will note, contract award was made by GSA FAS Federal Systems Integration and Management Center (FEDSIM) office that is located at 18th and F.

As you know this procurement was protested to the GAO; attached is the GAO protest decision and U.S. Court of Federal Claims decision.

Thanks--Rachael

Joanna,

Attached is our agenda for tomorrow. We'll be on the lookout for JJ, Tom and Mike around 9am tomorrow morning. Please ensure they have my contact information in case they have any questions in advance or throughout the day. We will have a working lunch at noon. They are welcome to bring their own lunches or I will grab something for them from across the street before noon.

Thanks,

**MD5:** c1089e345846d2b8cd18132ff4da3071

Thank you for meeting with me regarding filing your 278e on Integrity.gov.

Regarding the questions we left with today, you will need to report your employment income in Part 2 as well as in Part 4 because of the consulting fee aspect of your payment versus a salary.

Part 3 PL Systems does need to be reported. Please confirm again the ownership does not yield any reportable income of \$200 or meet the threshold requirement for reporting it's value of \$1000.

To access your report, please log into Integrity.gov and follow the steps to create the account, which can be linked to your PIV card.

Please let me know if you have any questions.

Thank you,

Debra

Good Afternoon

I am working on your visit to NCR this week. Tomorrow, Houston Taylor, the Regional Commissioner for the Federal Acquisition Service will be hosting you. His Chief of Staff, Rachael Stevens will meet you at the D Street Employee entrance where the GSA Shuttle arrives and departs. NCR is at 7th and D Sts, SW.

Please let me know what time you will be arriving. Maury can let you know the times the shuttle will be departing and where it leaves from here at 18th and F.

Working on the same info for you for Wednesday when you visit PBS. Stay tuned.

Rachael's cell phone number is [\(202\)\(b\)\(6\)](tel:(202)(b)(6))

Thanks!

Jack,

Attached is a memo on Buy American.

Judith and Sheri were very generous with their time and responsive. They collected the data and provided the deeper insight on GSA's response to the Buy American Act.

Bottom line, the Trade Agreements Act essentially supersedes the Buy American Act. That said, the administration can exert a lot of control through EO & Executive Action based on authority provided in the Trade Agreements Act.

Warm Regards

On Mon, Jan 30, 2017 at 3:22 PM, Judith Zawatsky - Q0A <judith.zawatsky@gsa.gov> wrote:

Good morning John,

The team has looked at the data regarding country of origin for products offered through the Multiple Award Schedules (MAS). As you recall, each contractor is required to represent the point of production for each product they offer. On a high level, in the System for Award Management, there are representations and certifications under which all federal contract offerors make annual commercial representations and certifications in accordance with the Federal Acquisition Regulation (FAR), and then when the product itself is offered on a MAS contract, the contractor identifies the point of manufacture by product. As the Trade Agreements Act is incorporated into MAS base contracts all products that meet that statutory and regulatory requirements for these designated countries can be awarded onto contract.

An initial review of the data for products offered on Schedule as of December 1, 2016 shows that approximately 75% or more of all products on MAS contracts are US - made.

Total Contractor Reported Products	Contractor Reported US Made Products	Contractor Reported Designated Country (non-US)	% Reported as US Made
45.4 Million	34.5 Million	10.9 Million	76%
Total Unique Products	Contractor Reported US Made Unique Items	Contractor Reported Designated Country (non-US)	% Reported as US Made
31 Million	23.2 Million	7.8 Million	75%

Total Contractor Reported includes each time the product is offered including multiple contractors. Unique products counts a product only one time, no matter how many contractors offer the item. We are counting numbers of products and not dollars or costs here.

Please let me know what further data or input I may provide you.

Dear GSA:

Since 1976, America has reserved the month of February as a time to honor and celebrate the contributions that African Americans have made to this republic. It is a time to give thanks to those who have played vital, courageous roles in fighting injustice and forging a more perfect union. No one embodies this determination more than our public servants.

We at GSA share a core principle: to constantly increase diversity and inclusiveness within our agency and across government. This empowers us and makes us better able to fulfill our mission in service to our country and fellow citizens.

A diverse workforce makes valuable contributions thanks to a wider variety of experiences, points of view, and backgrounds. As a result, we are informed by a broader perspective, one that better equips us to meet the challenges and potential of government in today's world.

Your passion and commitment to making government open, and responsive to the needs of its workers and citizens - each and every day - embodies the values of inclusion, progress and equality we celebrate during African American History Month.

Thank You, GSA,

Tim

Your ticket has been updated:  
Hello JJ,

Thank you for contacting Live Support. To find your completed training, select 'Home' at the top left of the page, then select 'Learning' in the drop down. You are now on your 'My Learning' page.

Locate the 'Learning History' or 'History' tile(box) to view your completed training. You can view the most recently added right on the face of the tile or you can select the "View All" button to get a full listing of your history. However, the only Learning History will be courses that have been taken starting November 1st.

There are options on the completion page that can help you narrow a search for a specific course including completion date, title and status.

Should you need further assistance with any issue or inquiry, feel free to contact us. We are more than happy to assist. Have a great day!

Sincerely,

---

## Whistleblower Protection/Prohibited Personnel Practices

TO BE SENT ON DAY 2

SME: Danielle Brown & Renee Jones

Hello!

Today we want to share information with you regarding prohibited personnel practices and whistleblower protections available to federal employees.

The Whistleblower Protection Act of 1989 and the Whistleblower Protection Enhancement Act of 2012 provide the right for federal employees to make whistleblower disclosures and ensure that employees are protected from whistleblower retaliation. Whistleblowing is defined as the disclosure of information that an employee reasonably believes evidence: a violation of any law, rule or regulation; gross mismanagement; gross waste of funds; an abuse of authority; a substantial and specific danger to public health or safety; or censorship related to scientific research or analysis.

Included below are helpful links to information on the U.S. Office of Special Counsel (OSC) website. OSC is an independent agency that protects federal employees from prohibited personnel practices, including whistleblower retaliation and unlawful hiring practices. OSC also provides an independent, secure channel for disclosing and resolving wrongdoing in federal agencies.

The following fact sheet, "[Your Rights as a Federal Employee](#)," provides detailed information on the thirteen prohibited personnel practices and employees' rights to file complaints with OSC. Further, you are encouraged to review "[Know Your Rights When Reporting Wrongs](#)," which describe different avenues for making whistleblower disclosures as federal employees. More information can also be found on the [OSC website](#).

In support of the Whistleblower Protection Act and GSA's commitment to protecting employees from prohibited personnel practices, all GSA Supervisors are required to complete an educational program regarding whistleblowing and prohibited personnel practices via GSA Online University (OLU). While this program is a requirement for all GSA supervisors to complete, all GSA employees are encouraged to complete the program as well.

Federal employees have the right to be free from prohibited personnel practices, including retaliation for whistleblowing. GSA is committed to making sure that all employees are aware of their rights as well as the safeguards that are in place to protect them.

If you have any questions, please contact your [servicing human resources office](#).

Have a great day!

GSA Onboarding Team

P.S. Questions, comments, concerns? [GSA New Employees Chatter group](#).

MD5: deb8e34d21498bf371e10a0a1d8550fc

Over the next few weeks, the onboarding team will send emails to help you learn more about GSA. The good news is, that if you are reading this, you have access to your email!

Gmail is GSA's email platform. This is where you will keep track of your correspondence, calendar and tasks. You can find additional information on how to fully utilize Gmail [here](#).

Google Hangouts is our official chat and messaging application. You can easily message your co-workers, engage in group conversations, and even participate in video conferences. You can find additional information on how to communicate through Google Hangouts [here](#).

Google Drive allows you to create and store documents, images, presentations, spreadsheets, and other files. You can work on files individually or as a group. In order to locate GSA Google Drive: open your email, and click on the Apps grid - the nine dots on the upper right next to your name. The next screen shows your files under "My Files" on the far left. You can find additional instructions [here](#). In addition to Google, GSA uses [Chatter as a way to find and share best practices within the GSA community. It can also be used to give and ask for help, and to create public or private special interest groups. The GSA Administrator has been known to hold townhalls via Chatter periodically. One of the best ways to learn about Chatter is simply to join; find out more here.](#)

As a heads up, below is a list of additional information you will be receiving over the next 45 days. Communications are timed with when you will have access to the applicable systems:

- If you have any questions or suggestions, please post them in our [GSA New Employees Chatter group](#).

[GSA Onboarding Team](#) **Help Us Improve!**

\*Access to GSA InSite pages are only available while on the GSA network.

Mr. Jagers.

It was a pleasure speaking with you earlier today. As discussed, I'm providing some additional information regarding the following:

1. Federal Acquisition Certification for Program/Project Managers.

I mis-poke earlier, the requirement originated from an OFPP memo (attached) rather than legislation. There was legislation passed in December to improve Program Management accountability. It was S.1550 Program Management Improvement Accountability Act (link provided).

2. USAF Education with Industry Program (link provided)

3. Buy American Act quick reference guide. FAR 25.002 provides a quick guide (attached) to help Contracting Officers determine how to apply the various laws depending on the type of acquisition it is. FAR 25.401 and 25.402 (link provided) do provide guides for application or lack of application of the various trade agreements to type of materials.

If you have any questions or concerns, please let me know.

Thanks for the summary, John,

I will have the EOs pulled and to you as soon as possible.

We already are implementing the changes around the leader names - the main leadership directory is unavailable ("offline" message appears) and top pages of regional sites have been adjusted (no leader names nor pictures).

As you say, we will update those pages as information is available targeting Monday to get them back online.

Monday morning I also will share an up-to-date look at the externally focused comms. I'm gathering from the services (PBS, FAS and Tech) as well as regional plans.

Pls don't hesitate to email or call me [\(202\) \(b\) \(6\)](#) if you need anything. - Donna

 [\(202\) \(b\) \(6\)](#)

On Fri, Jan 20, 2017 at 4:23 PM, JJ Jagers - A <[jj.jagers@gsa.gov](mailto:jj.jagers@gsa.gov)> wrote:

Jack,

The website has been set up so that the "landing page" is free of any messaging from the prior administration.

Donna's team (which is creative/content focused) will address the HQ and regional leadership in the following ways:

1. HQ leadership will have an "under construction" banner and will be updated after Donna's team receives data on leadership including their biographies
2. Regional leadership is currently on the regional "landing pages" with the regional welcome message. The welcome message will be edited to remove the names of regional leaders (Presidential Appointees)

Regarding all other comms that flow through the web, program related action for the next week are going to be pulled and presented to us by Donna's team so we can:

1. See the level of activity within each region and within FAS. This way we can get an understanding of on-going action that should not be overly affected by the change in administrations

2. Generally there are always on-going announcements and communications regarding on-going programs and procurements. There are also A LOT of workshops that get announced. When we get the list from Donna's team we should review the workshops especially those where more Sr. leadership may be present. GSA trade press usually follows these larger events and reports on them.

Other issue regarding the website content - current, in-operation executive orders.

The issue here is that there are a number of EO's that drive placement of data on GSA's website. The reverse can also be true and is usually less so. As EO's get signed off/rescinded, we will have to keep track of which parts of the Website are impacted by the EOs.

Donna, can one of your team members just pull a list of the EO's that are referenced on the Website. I will take that list and cross check it as EO's are issued/changed and keep track of that for us, unless someone else does it now or Jack directs another approach.

Donna, if I missed anything, please correct me.

Warm Regards

**Attachments:** DRAFT Memo for Buy American Rev .5-jrz edits.docx

John,

Please find attached my edits for your consideration. They reflect 2 updates:

First that the figures we provided are for products offered on contract. We do not have transactional data on actual sales, but rather what the contractors offer and have awarded for sale. Second, that the figures reflect products. Tiffany provided a different set of figures around the sales of professional and IT services, for whom the evaluation of country of origin is by place of performance rather than place of manufacture.

Judith

Judith, Sheri,

Please review and give me any changes you think this needs - thanks.

If you give me any changes by 1300 I will get this to Jack by 1400.

I suspect this an educate the administration exercise and based on the data provided, I don't think there will be an action. Ya never know & you have my take :)

Warm Regards

John E. Jagers

Jack,

Attached is a memo on Buy American.

Judith and Sheri were very generous with their time and responsive. They collected the data and provided the deeper insight on GSA's response to the Buy American Act.

Bottom line, the Trade Agreements Act essentially supersedes the Buy American Act. That said, the administration can exert a lot of control through EO & Executive Action based on authority provided in the Trade Agreements Act.

Warm Regards

John E. Jagers

Emily - here is the info on the acquisition person I mentioned yesterday.

Sam is excellent and would easily pass vetting on the Trump side. He has his TS clearance and could be immediately helpful to R-11 in Houston's group.

Note the training and certs in acquisition.

Warm Regards

John E. Jagers

Hello, JJ,

How are you? Thank you for the discussion this afternoon. My resume is attached for referral to the GSA person you mentioned, and I could assist immediately with congressional relations and federal acquisition.

Likewise, my TS clearance is still active. I also just sent my resume to Juli. Thank you for your assistance, and please let me know if you need any additional information.

Sincerely,

Sam Amber

**Date:** Tue, 14 Feb 2017 09:15:16 -0500  
**From:** Eugenia Ellison - LG <eugenia.ellison@gsa.gov>  
**To:** undisclosed-recipients;;  
**Bcc:** jj.jaggers@gsa.gov  
**Message-ID:** <CAFb\_ud\_Cpo-WAqeEwn--KOqwDi2FiFPiTxFvoQ2-Toa5ZaJ1Aw@mail.gmail.com>  
**MD5:** f8d9cf9222ec7eee993e9c04571be471  
**Attachments:** Periodic Transactions Reporting Frequently Asked Questions.doc ; Set up and Navigation of Integrity Revised.docx

Section 6 of the Stop Trading on Congressional Knowledge Act of 2012 (STOCK Act) requires Public Financial Disclosure Report filers to file a Periodic Transaction Report, similar to the Transaction part of the Public Financial Disclosure Report, within 30 days of receiving notification of a transaction, but no more than 45 days from the date of the actual transaction. **We strongly encourage employees to file their Periodic Transaction Reports by the 15<sup>th</sup> of each month.** This will ensure most filers meet the 30/45 day requirement. However, please note you may have to submit your report before the 15th of the month in order to meet the 30/45 day requirement. If that is the case, you must submit your report earlier so that you do not violate the 30/45 day requirement. For additional guidance, I have attached a frequently asked questions and examples document regarding the periodic transactions reporting requirement.

**You are not required to submit a negative report if you have no reportable transactions.**

**All filers are required to use [Integrity.gov](https://integrity.gov) for reporting periodic transactions and for the filing of an annual or termination report.** In order to assign yourself a Periodic Transaction Report, you must:

- Login into [Integrity.gov](https://integrity.gov)
- Click on "278-T" within the "My Tools" section on the "My Tasks" page
- Type in your "position" information
- Select the Start button

If you are a first time user to Integrity.gov, you might find the attached directions helpful.

Transactions of stock, bonds, and commodities futures which exceed \$1,000 must be reported on the periodic transaction reports.

Transactions of real property, excepted investment funds (such as mutual funds), treasuries, life insurance and annuities, cash accounts, and assets contained in a retirement system maintained by the United States, such as the Thrift Savings Plan (TSP), which exceed \$1,000 are **not** required to be reported on a Periodic Transaction Report. Although these transactions are not required to be reported on a Periodic Transaction Report, many of them are reportable on your annual or termination Public Financial Disclosure Report. Therefore, you may choose to report excepted investment fund transactions (and other annual or termination report reportable transactions) on a Periodic Transaction Report to avoid having to report them on your annual or termination report.

You are reminded that you are also required to list your spouse's and dependent children's transactions on a Periodic Transaction Report.

If you have any questions, please contact me or the Ethics Law Staff on [\(202\) 501-0765](tel:(202)501-0765).

To: Donna Garland - ZC <[donna.garland@gsa.gov](mailto:donna.garland@gsa.gov)>

Hi Donna - I saw a "clips" blast email on Mike's desk & was looking to get on that distro, and then I thought there must be a lot of news letters that GSA publishes.

No urgency on this & thanks.

Hi Iris,

The mailing address is the office building the transerve cards are mailed.

I am not sure off hand your mailing address.

Thanks

**Attachments:** Wolf Den Practitioner Perspectives - Improving BD Visibility, Efficiency, and Results 1252017.pdf ; Wolf Den Practitioner Perspectives - Valentine's Day Guide to Better Orals 2142017.pdf

Rachael & All,

Thank you again for the insight to GSA R11.

I read the GAO report you sent in detail on that one procurement we discussed for FDIC. I believe that it is a textbook study in selection processes. It is also textbook case where Industry uses the protest process to extend revenue independent of the merits of a protest.

When I was in industry, that procurement was watched, studied, and reviewed extensively within my part of the industry sales profession. That part is called capture by industry, and solutions management or sometimes enterprise architect when facing the federal client (us).

There are numerous proposal and capture companies in the market who specialize in helping industry win business from the government. Some publish newsletters that ANYONE can sign up for.

I have have attached two newsletters from one of those companies that has out-sized impact on industry thinking about the federal RFP/Proposal business. This newsletter goes to Appx 4000 highly influential industry leaders and a number of federal CIOs. Each newsletter features an area where industry can 'game' an RFP situation to help a company who follows the advice with good execution, increase wins for government business.

FWIW, I am a big fan of government shifting major procurement RFPs to include an orals evaluation component with a key stipulation. Orals are much more revealing about a bidder's capability and commitment than a simple prop for larger, more complex bids. Industry 2nd tier players for a particular bid tend to not like orals because orals expose a 2nd tier company's weakness for a task/contract if they don't have all they need to actually execute a winning bid.

Please, do not take this as direction. I am simply observing industry behavior. If we do X, industry will present Y. We always want a cheaper 'Y' with better execution. Better execution makes GSA a better partner to our clients, other agencies.

When the government requires an oral presentation and forces industry to make the PM who will run the job present at orals, the government gets a MUCH lower risk solution. It's better when the government requires the PM and key staff to present so long as it's not more than 4-5 peeps. Also make sure the Exec is there and gets a chance to introduce the company. Orals with key staff required to present puts the federal government in the strongest evaluation position relative to industry protests and separating strong from weak bidders.

The attached news letter are topical. It's good to know how industry responds to RFP requirements.

Knowing industry's response to a particular requirement helps us write a better requirement. If we ask/demand correctly, we will have lower risk procurements and better delivery for our customers.

The one newsletter addresses industry's limited budget for bidding contracts. Strong, low risk industry players cannot afford to bid as many contracts as was done in the past. We may have more bidders for our contracts however I KNOW many of the bidders cannot execute with low risk. The second newsletter addresses mechanisms to get better bids, e.g. orals.

Happy to discuss further at any time.

Warm Regards

John E. Jagers

Good morning John,

The team has looked at the data regarding country of origin for products offered through the Multiple Award Schedules (MAS). As you recall, each contractor is required to represent the point of production for each product they offer. On a high level, in the System for Award Management, there are representations and certifications under which all federal contract offerors make annual commercial representations and certifications in accordance with the Federal Acquisition Regulation (FAR), and then when the product itself is offered on a MAS contract, the contractor identifies the point of manufacture by product. As the Trade Agreements Act is incorporated into MAS base contracts all products that meet that statutory and regulatory requirements for these designated countries can be awarded onto contract.

An initial review of the data for products offered on Schedule as of December 1, 2016 shows that approximately 75% or more of all products on MAS contracts are US - made.

Total Contractor Reported Products	Contractor Reported US Made Products	Contractor Reported Designated Country (non-US)	% Reported as US Made
45.4 Million	34.5 Million	10.9 Million	76%
Total Unique Products	Contractor Reported US Made Unique Items	Contractor Reported Designated County (non-US)	% Reported as US Made
31 Million	23.2 Million	7.8 Million	75%

Total Contractor Reported includes each time the product is offered including multiple contractors. Unique products counts a product only one time, no matter how many contractors offer the item. We are counting numbers of products and not dollars or costs here.

Please let me know what further data or input I may provide you.

Judith

JJ --

So you have the products and services information in one place, shared here as well is the data on all foreign owned company services spend, governmentwide as well as through GSA contracts.

I hope this is helpful to you and we're happy to answer any questions you may have.

Tiffany

=====

For FY16, services spend with foreign owned companies was:

- | All Services government-wide: of \$278.7B total spend, \$5.1B (1.8%) was provided by foreign-owned companies
- | Of this \$5.1B to foreign owned companies, \$124M had the USA as the Primary Place of Performance (or 0.045% of total FY16 Services Spend)
- | GSA Services contracts: of \$102.3B total spend, \$210M (or 0.2%) was provided by foreign-owned companies
- | Of this \$210M to foreign owned companies, \$4.1M had the USA as the Primary Place of Performance (or 0.004% of total FY16 GSA Services Spend)

For the foreign-owned companies performing services in the USA:

- | There was spend with 541 contractors, with an average value of \$230K

The top foreign countries:

Bermuda - \$50M with 2 contractors (primarily "Sallyport Global Services Ltd")  
Canada - \$34M with 234 contractors  
Great Britain - \$11.4M with 98 contractors  
The remainder - \$28M with 207 contractors in 61 countries

- | For GSA contracts exclusively, there was spend with 49 contractors, with an average value of \$83.5K

Only three non-US countries had GSA contracts with performance in the USA:

Canada - \$4.0M with 45 contractors  
Great Britain - \$37.2K with 3 contractors

Australia - \$24K with 1 contractor

More in depth tables (also including FY15 break-outs) are below. All of the underlying data is located [here](#):

Government-Wide FY16 Services Spend		Place of Performance			
		US	Foreign	Total	% Of Total
Ownership	US	\$253,288,549,158.67	\$15,616,244,210.23	\$268,904,793,368.90	96.50%

On Mon, Jan 30, 2017 at 2:22 PM, Judith Zawatsky - Q0A <[judith.zawatsky@gsa.gov](mailto:judith.zawatsky@gsa.gov)> wrote:

Good morning John,

The team has looked at the data regarding country of origin for products offered through the Multiple Award Schedules (MAS). As you recall, each contractor is required to represent the point of production for each product they offer. On a high level, in the System for Award Management, there are representations and certifications under which all federal contract offerors make annual commercial representations and certifications in accordance with the Federal Acquisition Regulation (FAR), and then when the product itself is offered on a MAS contract, the contractor identifies the point of manufacture by product. As the Trade Agreements Act is incorporated into MAS base contracts all products that meet that statutory and regulatory requirements for these designated countries can be awarded onto contract.

An initial review of the data for products offered on Schedule as of December 1, 2016 shows that approximately 75% or more of all products on MAS contracts are US - made.

Total Contractor Reported Products	Contractor Reported US Made Products	Contractor Reported Designated Country (non-US)	% Reported as US Made
45.4 Million	34.5 Million	10.9 Million	76%
Total Unique Products	Contractor Reported US Made Unique Items	Contractor Reported Designated County (non-US)	% Reported as US Made
31 Million	23.2 Million	7.8 Million	75%

Total Contractor Reported includes each time the product is offered including multiple contractors. Unique products counts a product only one time, no matter how many contractors offer the item. We are counting numbers of products and not dollars or costs here.

Please let me know what further data or input I may provide you.

Judith

John,

Please find attached my edits for your consideration. They reflect 2 updates:

First that the figures we provided are for products offered on contract. We do not have transactional data on actual sales, but rather what the contractors offer and have awarded for sale. Second, that the figures reflect products. Tiffany provided a different set of figures around the sales of professional and IT services, for whom the evaluation of country of origin is by place of performance rather than place of manufacture.

Hi John,

I've forwarded your updated application to the transit team. As discussed, the full amount will be automatically disbursed to your smartrip card.

The transerve card was to be used for purchasing commuter bus passes, tickets, etc.

Hope this helps- I will still give you a call to confirm understanding.

On Mar 2, 2017, at 8:01 AM, John E. Jagers (Gmail) <jj.jagers@gsa.gov> wrote:

Hi Teresa - thank you for your help.

When you can give me a call on my pers cell so i can figure out how to move the funds from the transerve card to the metro card.

I think I need to make the transerv card a payment method for the metro, but to do tht i need the correct billing address and name to register teh transerv card as a method of payment

Warm Regards

**Attachments:** Wolf Den Practitioner Perspectives - Improving BD Visibility, Efficiency, and Results 1252017.pdf ; Wolf Den Practitioner Perspectives - Valentine's Day Guide to Better Orals 2142017.pdf

Rachael & All,

Thank you again for the insight to GSA R11.

I read the GAO report you sent in detail on that one procurement we discussed for FDIC. I believe that it is a textbook study in selection processes. It is also textbook case where Industry uses the protest process to extend revenue independent of the merits of a protest.

When I was in industry, that procurement was watched, studied, and reviewed extensively within my part of the industry sales profession. That part is called capture by industry, and solutions management or sometimes enterprise architect when facing the federal client (us).

There are numerous proposal and capture companies in the market who specialize in helping industry win business from the government. Some publish newsletters that ANYONE can sign up for.

I have have attached two newsletters from one of those companies that has **out-sized** impact on industry thinking about the federal RFP/Proposal business. This newsletter goes to Appx 4000 highly influential industry leaders and a number of federal CIOs. Each newsletter features an area where industry can 'game' an RFP situation to help a company who follows the advice with good execution, increase wins for government business.

FWIW, I am a big fan of government shifting major procurement RFPs to include an orals evaluation component with a key stipulation. Orals are much more revealing about a bidder's capability and commitment than a simple prop for larger, more complex bids. Industry 2nd tier players for a particular bid tend to not like orals because orals expose a 2nd tier company's weakness for a task/contract if they don't have all they need to actually execute a winning bid.

Please, do not take this as direction. I am simply observing industry behavior. If we do X, industry will present Y. We always want a cheaper 'Y' with better execution. Better execution makes GSA a better partner to our clients, other agencies.

When the government requires an oral presentation and forces industry to make the PM who will run the job present at orals, the government gets a MUCH lower risk solution. It's better when the government requires the PM and key staff to present so long as it's not more than 4-5 peeps. Also make sure the Exec is there and gets a chance to introduce the company. Orals with key staff required to present puts the federal government in the strongest evaluation position relative to industry protests and separating strong from weak bidders.

The attached news letter are topical. It's good to know how industry responds to RFP requirements.

Knowing industry's response to a particular requirement helps us write a better requirement. If we ask/demand correctly, we will have lower risk procurements and better delivery for our customers.

The one newsletter addresses industry's limited budget for bidding contracts. Strong, low risk industry players cannot afford to bid as many contracts as was done in the past. We may have more bidders for our contracts however I KNOW many of the bidders cannot execute with low risk. The second newsletter addresses mechanisms to get better bids, e.g. orals.

Happy to discuss further at any time.

Warm Regards

John E. Jagers

JJ --

Just touching base on the status of our services contractor data....

We should have data ready by Tuesday close of business. Let me know if this presents an issue JJ and I'll see what we can do to speed it up. "Easy data pulls" are relative.

Thanks JJ.

Good Afternoon J.J.-

As a follow-up to our meeting this morning on FPDS, below is a monthly analysis of GSA's acquisition performance based upon our Acquisition Dashboard. The Dashboard comprises of approximately 20 metrics and 9 data analytic tools.

The Dashboard seeks to answer the question: how do we know GSA is practicing good acquisition? It is continuously evolving effort aimed at improving our ability to answer this important question and to improve our ability to achieve excellent acquisition outcomes.

Monthly I send the below message to all 34 Heads of Contract Activity (HCAs) in GSA as well as GSA leadership providing a summary of acquisition performance year to date. I will make sure you are included in these messages going forward. The HCAs then use the data in the Dashboard to understand how their activity's performance and then target specific acquisitions to take action to improve acquisition outcomes throughout the fiscal year (FY). In addition, based upon performance trends, we hold target discussions with HCAs on how they might improve their performance. Currently, we are holding several sessions with specific HCAs and competition advocates on improving competition performance throughout FY 17.

Currently, we are scheduled to brief the Dashboard effort to Emily on March 22nd from 2-4 pm. Please let me know if you would like to be included in that brief or we can set-up a separate briefing as well.

Thanks and look forward to discussing this further with you!

Good Afternoon HCAs-

The Acquisition Dashboard is updated monthly, displaying GSA’s progress on key acquisition

performance metrics. Here’s your update, highlighting key takeaways with FY 2017 data through

January 31, 2017.

NOTE: Format Change. Current # or % is listed, then in ( ) are (% change from last month / last month

totals)

The acquisition dashboard is there as a tool for you. So, if you, your competition advocate or other

members of your staff are not comfortable in how to use it, please let me know. We'll be happy to set

up a time to walk you through it.

We'd like you to use the Acquisition Dashboard as a tool to compare performance at this time last fiscal

year to see where you stand. The Acquisition Dashboard has data through the end of January. We

suggest you take this opportunity to understand your performance compared to this time to plan for

the balance of the fiscal year. By continuously assessing performance on these metrics throughout

FY17, you can spot problems early and make necessary adjustments to drive successful acquisition

outcomes.

|

[Performance-Based Acquisition](#)

|

[High-Risk Contract Types](#)

|

[Transactions](#)

|

[Human Capital](#)

OPERATIONAL EFFICIENCY:

|

Obligations: Data in ( ) are (% change from last month / last month totals)

|

Year to date (YTD) FY17 GSA obligated \$2.026 billion (+47% / \$1.376 billion) through 32,397

procurement actions (+21% / 26,863). YTD, transactions per FTE are 18 (+38.5% / 13) ([Transactions](#)

[Tool](#)).

|

It is important the extent practicable we continue to manage our acquisition workload evenly

throughout the year to avoid straining our acquisition workforce in the 4th quarter of this year and

impair our ability efficiently and effectively execute our acquisition actions.

|

PPIRS: Data in ( ) are (% change from last month / last month totals)

|

GSA’s PPIRs reporting rate is 89.5% (-1.2% / 90.7%).

|

FAS’s PPIRs reporting rate is 94.3% (-1.2% / 95.5%)

|

PBS’s PPIRs reporting rate is 87.2%, (-1.2% / 88.4%). Many PBS past performance evaluations come

from our building managers. It is helpful for our PBS HCAs to remind our building managers of the

importance of conducting timely past performance evaluations.

|

IAD’s PPIRs reporting rate is 87% (-0.1%, 87.1%), but still a tremendous improvement over 51% this

time last year. Well done IAD!

|

FPDS FY16 Data Accuracy: Data in () are (% change from FY15 / end FY15 totals)

Overall the GSA FY 16 FPDS Verification and Validation (V&V) report released this month to

OMB demonstrates that data is accurate when GSA reports data to FPDS with a 97.8% data

accuracy rate. However, improvement is needed to ensure all applicable procurement

transactions are reported to FPDS because of GSA’s 8.1% missing data rate. In particular, FAS

HCA’s should pay close attention to improving their missing data rate of 9.7%. (see [FY16 V&V](#)

[report](#), page 2)

|

GSA’s FPDS data accuracy for FY16 was 97.8% (-0.3% / 98.1% end of FY15). You can view the [FY16 V&V](#)

[Report](#) or a [graphical service breakdown of the 25 Data Elements](#)

|

FAS’s FPDS data accuracy rate for FY16 was 98.1% (-0.6% / 98.7% end of FY15)

|

PBS’s FPDS data accuracy rate for FY16 was 96.7%, (-0.8% / 97.5% end of FY15)

|

SAVINGS AND PUBLIC POLICY: (GOALS: Competition 79.5% / One-Bid 15%)

|

Competition: *Data in () are (% change from last month / last month totals)*

GSA has a FY17 agency-wide competition goal of 79.5%. It's a great time to check out the

[Integrated Competition Tool](#) to review actions year to date to maximize competition

opportunities as we move forward in the fiscal year. Please note the GSA SPE and myself are

holding target sessions with HCAs and competition advocates who have the greatest

opportunity to improve GSA's overall competition performance in FY 17.

|

GSA's competition rate is 78.9% (-0.7% / 79.6%).

|

FAS's competition rate is 83.5% (-0.2% / 83.7%).

|

Highest to lowest, FAS R9, CO, R2, R2, R6 and R7 are all exceeding the competition goal of 79.5. R8, R1,

R11 and R3 are all have a competition rate above 70%.

|

FAS Central Office has a competition rate of 93.6%, obligating the most competed dollars of any

contracting office at \$439 million and has competed 7,514 actions.

|

FAS Region 2 has competition rate of 93.3%, obligating \$134.5 million in competed dollars and has

competed 1,709 actions.

|

PBS's competition rate is 73.3% (-3.1% / 76.4%).

|

Highest to lowest, PBS Central Office, R7, R1, R3, and R5 are all exceeding the competition goal of

79.5%. The remaining regions are below the goal.

|

PBS Region 3 has a competition rate of 87.3%, obligating \$205 million in competed dollars and has

competed 550 actions.

|

PBS Region 7 has a competition rate of 89.1%, obligating \$101.8 million in competed dollars and has

competed 520 actions.

|

IAD's competition rate is 88.9% (+3.4% / 85.5%).

|

Competitive One-Bid: Data in ( ) are (% change from last month / last month totals)

GSA has an FY17 agency-wide competitive one-bid goal of 15%. Check out the [Integrated](#)

[Competition Tool](#) to review your Competitive One-Bid actions year to date.

|

GSA's Competitive One-Bid Rate is currently at 13.3% (- 0.1% / 13.4%) ([Integrated Competition Tool](#)).

While the overall picture is good, GSA's competitive one bid rate for professional services at 24.3%. We

urge HCAs and competition advocates to closely monitor professional services procurements to ensure

multiple offers are received. Additionally, there are numerous tools available to your acquisition

workforce members in the [Acquisition Gateway](#) to improve your professional services buys. Please

make sure we are taking fully advantage of them.

I

FAS's competitive one-bid rate is 17.5% (-4.6% / 22.1%). This is a nice improvement from last month.

I

From highest to lowest: FAS R9, R11, R10, R5, and R4 all have one-bid rates above 50%. R7 and R1 are

32% and 22.1% respectively, while CO, R2, R6 and R8 are below the 15% goal. We recommend FAS

industry communication to decrease the occurrence of one-bid actions.

|

FAS Region 9 has a one-bid rate of 68%, obligating \$11.8 million in competitive one-bid dollars.

|

FAS Region 11 has a one-bid rate of 61.9%, obligating \$12.8 million in competitive one-bid dollars.

|

PBS’s competitive one-bid rate is 7.4% (+1.6% / 5.8%).

|

All PBS regions, except R1 and R11 are below 15% goal.

|

PBS Region 11 has a one-bid rate of 22%, (+3.8% / 18.8%), obligating \$24 million FY17 competitive one-

bid dollars, with \$5.1 million in January.

|

PBS Region 1 has one-bid rate of 34.9% (+11.9% / 22.4%) obligating \$5 million FY17 competitive one-

bid dollars, with \$3.6 million in January.

|

IAD’s competitive one-bid rate is 24.7% (-3.5% / 28.2%), obligating \$5.5million FY17 competitive one-

bid dollars, with \$0.92 million in January.

|

Small Business: Data in ( ) are (% change from last month / last month totals)

GSA has a FY17 has an agency-wide small business goal of 36.5%. Check out the [Small Business](#)

[Tool](#) to identify opportunities to influence acquisition strategies for non-small business awards.

- | GSA’s total Small Business Rate is 50.4% (+2% / 48.4%). Check out the [Small Business Tool](#) to identify opportunities to influence acquisition strategies for non-small business awards.
- | FAS’s small business rate is 40.7% (-0.8% / 41.5%).
- | PBS’s small business rate is 53.8% (+3.3% / 50.5%).
- | IAD’s small business rate is 43%, (-7% / 50%).

**While we’re aware of the larger capital construction budget in PBS this year, you should expect some questions about your small business numbers.**

|

Performance-Based Acquisition: Data in ( ) are (% change from last month / last month totals)

|

GSA’s Performance-Based Acquisition (PBA) Rate is unchanged at 81.9%, (0% / 81.9%) ([Performance-](#)

[Based Acquisition Tool](#))

FAS's PBA rate is 91.3% (-3.6% / 94.9%).

PBS's PBA rate is 64.4%(+1.4% / 63%). It would be helpful for PBS HCAs to remind their workforce that use of performance-based contracting is effective means to maximize performance and reduce the cost of operating and maintain our Federal buildings.

IAD's PBA rate is 60.5% (+1.0% / 59.5%)

High Risk Contracting: Data in () are (% change from last month / last month totals)

GSA's High Risk Contracting rate is 26.1% (+6.5% / 19.6%). ([High Risk Contracting Tool](#))

The High Risk Time & Materials(T&M)/Labor Hour (LH) rate is 11.7% (+4.1% / 7.6%). Please note there

is a trend that when a T&M/LH contract type is being utilized the competitive one bid rate is 25.9%.

This indicates a need to continue focus on market research and requirements definition because even

when a level of effort contract type is being selected this is still not generating meaningful competition.

Additionally, this increased focus may create new opportunities to enter into fixed price contracts

instead of level of effort contracts.

|

FAS's High Risk Contracting Rate is 49% (+5.1% / 43.9%).

## HUMAN CAPITAL:

|

Check out the [Human Capital Measures page](#) to view the results of the FY16 FEVS compared to previous

fiscal years and how GSA compares against the governmentwide average.

|

FAC-C and the FAS Re-Organization: As 1102s are transferred to other FAS regions / office, in CHRIS (#

*onboard*), there is a lag with FAITAS (*# certified*) in order to re-issue warrants without auto-

termination. Therefore, some regions (FAS R10 & CO in particular) may show uncorrected certification

percentages.
